treasures is shown based on the latest available archival sources with misinterpretations and sometimes false interpretations in existing literature revised After the Bolshevik revolution Mansfield Smith Cumming the first chief of SIS undertook to set up an entirely new Secret Service organization in Russia During those first ten years events would develop as a non stop struggle between British intelligence within Russia and abroad and the Cheka later GPU OGPU Before several show spy trials in 1927 British intelligence networks successfully operated in Russia later moving to the Baltic capitals Finland and Sweden while young Soviet intelligence officers moved to London Paris Berlin and Constantinople Many of those operations from both sides are presented in the book for the first time in this ground breaking study of the dark world of the KGB **An**
