Dumb Show:

Visual Communication Jonathan Baldwin, Lucienne Roberts, 2006-07-12 An award winning title that introduces design students to cultural theory through a series of essays and contributions from leading designers. Seeks to locate graphic design in a wider cultural context drawing a student's attention to the key debates and issues that surround it. **British Drama 1533-1642: A Catalogue** Martin Wiggins, Catherine Richardson, 2012-09-13 Volume 3 covers the years 1590-1597 and sees the start of Shakespeare's career as a dramatist. The Oxford Handbook of Thomas Middleton Gary Taylor, Trish Thomas Henley, 2012-04-05 The 37 essays in *The Oxford Handbook of Thomas Middleton* reinterpret the English Renaissance through the lens of one of its most original and least understood geniuses: Shakespeare's younger contemporary and collaborator Middleton. Middleton wrote modern comedies, tragedies, tragicomedies, history plays, masques, pageants, pamphlets, and poetry. The largest collection of new Middleton criticism ever assembled, this ambitious Handbook provides a comprehensive in-depth, cutting-edge reaction to OUP's *Collected Works of Thomas Middleton*, winner of the 2009 MLA prize for editing the first complete scholarly text of his voluminous and diverse oeuvre. The Handbook brings together an international cross-generational team of experts to discuss all these genres through an equally diverse range of critical approaches, from feminism to stylistics, ecocriticism to performance studies. Aristotle to Žižek. Reinterpretations of canonical plays such as *The Changeling*, *Women Beware Women*, *The Roaring Girl*, and *A Chaste Maid in Cheapside* mingle with explorations of neglected or recently identified works. Middleton's dramatic use of dance, music, and clothing; Middletonian adaptation; his relationships to the classical world and to continental Europe; his fascinating explorations of sexuality and religion, all receive attention. The collection also provides new essays on modern and postmodern reactions to Middleton, including recent Middleton revivals and films, and living artists' responses to his work. Responses that range from the actresses who play Middleton's women to writers in various genres who have been inspired by his artistry. The Handbook establishes an authoritative foundation for the rapidly expanding growth of interest in this extraordinarily protean, funny, moving, disturbing, and modern writer. *Early Modern Theatricality* Henry S. Turner, 2013-12 *Early Modern Theatricality* brings together some of the most innovative critics in the field to examine the many conventions that characterized early modern theatricality. It generates fresh possibilities for criticism, combining historical, formal, and philosophical questions in order to provoke our rediscovery of early modern drama. A Dictionary of Literary Terms and Literary Theory J. A. Cuddon, 2012-11-07 With new entries and sensitive edits, this fifth edition places J. A. Cuddon's indispensable dictionary firmly in the 21st Century. Written in a clear and highly readable style, Comprehensive historical coverage extending from ancient times to the present day. Broad intellectual and cultural range. Expands on the previous edition to incorporate the most recent literary terminology. New material is particularly focused in areas such as gender studies and queer theory, post-colonial theory, post-structuralism, post-modernism, narrative theory, and cultural studies. Existing entries have been edited to ensure that topics receive balanced treatment.
