Nebraska History Addison Erwin Sheldon,James Lee Sellers,James C. Olson,2019 Building Home Eric John Abrahamson,2013-02-28 Building Home is an innovative biography that weaves together three engrossing stories It is one part corporate and industrial history using the evolution of mortgage finance as a way to understand larger dynamics in the nation s political economy It is another part urban history since the extraordinary success of the savings and loan business in Los Angeles reflects much of the cultural and economic history of Southern California Finally it is a personal story a biography of one of the nation s most successful entrepreneurs of the managed economy Howard Fieldstad Ahmanson Eric John Abrahamson deftly connects these three strands as he chronicles Ahmanson s rise against the background of the postwar housing boom and the growth of L A during the same period As a sun tanned yachtsman and a cigar smoking financier the Omaha born Ahmanson was both unique and representative of many of the business leaders of his era He did not control a vast infrastructure like a railroad or an electrical utility Nor did he build his wealth by pulling the financial levers that made possible these great corporate endeavors Instead he made a fortune by enabling the middle class American dream With his great wealth he contributed substantially to the expansion of the cultural institutions in L A As we struggle to understand the current mortgage led financial crisis Ahmanson s life offers powerful insights into an era when the widespread hope of homeownership was just beginning to take shape
