**How Picturebooks Work** Maria Nikolajeva, Carole Scott, 2013-02-01 How Picturebooks Work is an innovative and engaging look at the interplay between text and image in picturebooks The authors explore picturebooks as a specific medium or genre in literature and culture one that prepares children for other media of communication and they argue that picturebooks may be the most influential media of all in the socialization and representation of children Spanning an international range of children's books this book examines such favorites as Curious George and Frog and Toad Are Friends along with the works of authors and illustrators including Maurice Sendak and Tove Jansson among others With 116 illustrations How Picturebooks Work offers the student of children's literature a new methodology new theories and a new set of critical tools for examining the picturebook form *All Come to Dust* Bryony Rheam, 2021-09-10 Marcia Pullman has been found dead at home in the leafy suburbs of Bulawayo Chief Inspector Edmund Dube is onto the case at once but it becomes increasingly clear that there are those including the dead woman's husband who do not want him asking questions The case drags Edmund back into his childhood to when his mother's employers disappeared one day and were never heard from again an incident that has shadowed his life As his investigation into the death progresses Edmund realises the two mysteries are inextricably linked and that unravelling the past is a dangerous undertaking threatening his very sense of self Dust Armine Von Tempski, 1928 In the early twentieth century investor Albert Fernal offers his employee Saxon Kingsley a chance to reclaim an abandoned Hawaiian island Twenty three year old Kingsley leaps at the adventure even though it means working hard against the elements and risking the wrath of opium smugglers who use the island for illicit purposes *The Whole Story* John E. mother thinks it s acceptable to miss her only daughter s wedding rehearsal dinner for a work obligation Her father left when she was six months old Emma hasn t exactly been raised to be a happily ever after kind of girl So when her anxieties get out of hand Emma and her best friend Liv decide to take a road trip to San Francisco find her long lost father and put her family issues to rest But her quest for the truth stirs up events and emotions she didn t expect The urge to run away may just be a part of Emma s genetic makeup because she s growing more and more tempted to do just that
