Person to Person Inspiration Sunnie

D. Kidd, James W. Kidd, 1994 Inspiration is a universal phenomenon yet it touches each one of us personally It cuts across and goes beyond any specific boundary of philosophy psychology or spirituality Fundamental to the inspiring experience is an inspiration aspiration dialectic that arises in the dynamic field of inbetweenness shared by the inspired person and the inspiring other Inspiration is the human being's most creative act **Proceedings of the 8th International Conference on Advanced Intelligent Systems and Informatics 2022** Aboul Ella Hassanien, Václav Snášel, Mincong Tang, Tien-Wen Sung, Kuo-Chi Chang, 2022-11-17 This proceedings book constitutes the refereed proceedings of the 8th International Conference on Advanced Intelligent Systems and Informatics AISI 2021 which took place in Cairo Egypt during November 2022 2022 and is an international interdisciplinary conference that presents a spectrum of scientific research on all aspects of informatics and intelligent systems technologies and applications Karl Barth's Doctrine of Holy Scripture Klaas Runia, 2018-11-27 Hardly any Christian doctrine is discussed so much today as that of Holy Scripture Innumerable books are published about it and official discussions in many churches are concerned with it Karl Barth's doctrine plays a great part whether positively or negatively in all of these discussions and reports His stature is so great that no one can deal with the problem of Holy Scripture without considering Barth's view and defining his own position over against it Indeed many aspects of Barth's view have come to be generally accepted as beyond criticism Such uncritical acceptance is itself a good reason to devote a special study to Barth's doctrine of Holy Scripture because no matter how we assess it the Church Dogmatics of Karl Barth is one of the greatest forces in the modern theological world In its vastness and variety its comprehensiveness and detail it constitutes a challenge to every school Nor is it to be met by caricature or sweeping generalization The individual themes demand searching analysis and appraisal at the exegetical historical and dogmatic levels at which Barth himself develops them Only on the basis of detailed treatment can there be ultimate understanding and assessment of the whole It is because Dr Runia tackles this preliminary problem that his present work is so significant He does not add to the list of general books Choosing a critical and sensitive area he devotes himself to the concentrated task of presenting the Barthian teaching on inspiration in its normative form In the course of his analysis he examines the proposed biblical basis of Barth's statement and brings it into lively interaction with the Reformation tradition which Barth believes that he represents By means of a thorough inquiry into the single point Dr Runia thus gives us a far more informative stimulating and authoritative criticism that is possible in more comprehensive studies The result is a valuable work which deserves to be widely studied and which should serve as a model for similar investigations into the many detailed themes of the Dogmatics It is characterized by an honesty and relevance which gives it more than a narrowly academic interest The real problems are faced and it is candidly the most orthodox of statements Yet the great verities of the traditional doctrine emerge the clearer and stronger for this powerful discussion and in such a way that they may again make their salutary impact on a wider theological front *The Philosopher's Index*, 1995 An international index to philosophical periodicals
