How an Introverted Entrepreneur Accidentally Discovered the Critical Effect of His Personality on His Business. If you are an introvert wishing to start a business, I can't think of a worse way to mess it up than to completely disregard the effect of your personality on its success. In fact, that's exactly how I messed up my business. I launched a venture suited for an extrovert, not even once asking myself whether I could handle it with my deeply introverted nature. Would you like to avoid a major screw up and start a business that fits your personality? Don't reply. I know your answer. I wrote this book to help you avoid the mistakes I made and teach you the proper way to start a business as an introvert. I will share with you the lessons and observations every introverted businessperson should consider before pursuing a new venture.
