TIMELY David Mitchell MOVING REMARKABLE SUNDAY TIMES ONE OF THOSE RARE BOOKS I HADN'T REALISED I'D BEEN WAITING FOR UNTIL I READ IT Owen Sheers OPEN MINDED THOUGHTFUL AND WISE A LIBERATING BOOK Colm Toibin In an age of polished TED talks and overconfident political oratory success seems to depend upon charismatic public speaking But what if hyper fluency is not only unachievable but undesirable Jonty Claypole spent fifteen years of his life in and out of extreme speech therapy From sessions with child psychologists to lengthy stuttering boot camps and exposure therapies he tried everything until finally being told the words he'd always feared We can't cure your stutter Those words started him on a journey towards not only making peace with his stammer but learning to use it to his advantage Here Jonty argues that our obsession with fluency could be hindering rather than helping our creativity authenticity and persuasiveness Exploring other speech conditions such as aphasia and Tourette's and telling the stories of the creatively disfluent from Lewis Carroll to Kendrick Lamar Jonty explains why it's time for us to stop making sense get tongue tied and embrace the life changing power of inarticulacy Dance in US Popular Culture Jennifer Atkins, 2023-07-21 This innovative textbook applies basic dance history and theory to contemporary popular culture examples in order to examine our own ways of moving in and through culture By drawing on material relevant to students Dance in US Popular Culture successfully introduces students to critical thinking around the most personal of terrain our bodies and our identities The book asks readers to think about what embodied knowledge we carry with us and how we can understand history and society through that lens what stereotypes and accompanying expectations are embedded in performance related to gender and or race for instance how such expectations are reinforced negotiated challenged embraced or rescripted by performers and audiences how readers articulate their own sense of complex identity within the constantly shifting landscape of popular culture how this shapes an active sense of their everyday lives and how this can act as a springboard towards dismantling systems of oppression Through readings questions movement analyses and assignment prompts that take students from computer to nightclub and beyond Dance in US Popular Culture readers develop their own cultural sense of dance and the moving body's sociopolitical importance while also determining how dance is fundamentally applicable to their own identity This is the ideal textbook for high school and undergraduate students of dance and dance studies in BA and BFA courses as well as those studying popular culture from interdisciplinary perspectives including cultural studies media studies communication studies theater and performance studies Chapter 11 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution CC BY 4.0 license **Online TV** Catherine Johnson, 2019-01-04 With growth in access to high speed broadband and 4G and increased ownership of smartphones tablets and internet connected television sets the internet has simultaneously begun to compete with and

transform television Online TV argues that these changes create the conditions for an emergent internet era that challenges the language and concepts that we have to talk about television as a medium In a wide ranging analysis Catherine Johnson sets out a series of conceptual frameworks designed to provide a clearer language with which to analyse the changes to television in the internet era and to bring into focus the power dynamics of the online TV industry From providing definitions of online TV and the online TV industry to examining the ways in which technology rights interfaces and algorithms are used to control and constrain access to audiovisual content Online TV is a timely intervention into debates about contemporary internet and television cultures A must read for any students scholars and practitioners who want to understand and analyse the ways in which television is intertwining with and being transformed by the internet
