Ethics and Integrity in Education

(Practice) Mary Davis, Cláudia Baptista, 2025-07-30 This book offers a collection of effective and insightful practices in academic integrity through diverse perspectives and global contexts Contributors ranging from faculty academic integrity leads academic conduct officers student support staff independent researchers and students in nine different countries share their collective knowledge and understanding based on their roles work and study in academic integrity The main themes of the chapters focus on innovation and collaboration community and culture stakeholders in academic integrity and awareness of breaches and ethics Within these themes the contributors explore Artificial Intelligence tools inclusion collaboration with students networks publishing setting up research offices student champions at high school and university and academic conduct breaches The chapters end with calls to action and recommendations for readers to incorporate into their practice In these ways the book aims to raise awareness of important issues in academic integrity contexts and support the continued development of practice **The Double Black Box** Ashley S. Deeks, 2025 National security decisions pose a paradox they

are among the most consequential a government can make but are generally the least transparent to the democratic public The black box nature of national security decision making driven by extensive classification and characterized by difficulty overseeing executive actions has expanded in the United States as executive power continues to grow The rise of artificial intelligence AI systems to enhance national security decision making or even to make autonomous decisions deepens this challenge because it is difficult to understand how AI algorithms often described as black boxes reach their conclusions The widespread use of AI inside the national security ecosystem renders U S national security choices even more opaque to the

public congressional overseers U S allies and even the executive officials making the decisions How can we be confident that the U S government s use of these AI systems comports with our values including rationality lawfulness and accountability The Double Black Box National Security Artificial Intelligence and the Struggle for Democratic Accountability addresses these pressing challenges Because China is committed to becoming the world leader in AI and faces fewer legal and values based constraints on its pursuit of military AI democracies commitment to using AI in lawful and ethical ways will be tested This book defines and explores the double black box phenomenon and then identifies ways that policymakers military and intelligence officials and lawyers in democratic states such as the United States can reap the advantages of advanced technologies without surrendering their public law values Official Gazette of the United States Patent Office USA Patent Office,1913 *Scientific American* ,1894 Monthly magazine devoted to topics of general scientific interest **The Writers Directory** ,2013 **Engineering and Mining Journal-press** ,1924 **The United States Catalog** Mary Burnham,Carol Hurd,1928 **American Agriculturist** ,1886 **Gardeners' Chronicle and Agricultural Gazette** ,1871 Engineering and Mining Journal ,1924 American Bee Journal ,1881 Includes summarized reports of many bee keeper associations
