**European Narratives on Remote Working and Coworking During the COVID-19 Pandemic** Mina Akhavan, Marco Hölzel, Divya Leducq, 2023-05-02. This open access book offers a multidisciplinary and comprehensive perspective regarding the immediate and long-term effects of the COVID-19 pandemic on coworking spaces in the European Region. The current pandemic has imposed several effects on work and spaces for work. Some are immediate effects and will last for a short time, such as the closing down of the space; some will last longer, namely the reorganisation of the space to meet the physical distancing; and some will stay for a long time, remote working and hybrid working. Although the literature on coworking spaces and the effects of the pandemic is growing fast, empirical studies are yet limited. Within this context, this book seeks a twofold aim: i) to contribute to the fast-growing literature on coworking space and their effects at different scales; ii) to present a multidisciplinary perspective about the effects of the yet-lasting COVID-19 pandemic effects on the patterns of remote working and consequently on coworking spaces as the most diffused form of new working spaces.

**City Living** Zara Sagan, 2024-10-16. *City Living* offers a comprehensive exploration of urban existence, delving into the practicalities, challenges, and opportunities of metropolitan life in the 21st century. The book examines the intricate balance between urban infrastructure, socioeconomic dynamics, and environmental sustainability, providing readers with a holistic view of modern cities as complex ecosystems. Through a blend of historical context, case studies, and expert insights, the book traces the evolution of urban environments from ancient civilizations to today's megacities. It highlights how effective city living requires a delicate equilibrium between technological innovation, social

cohesion and environmental consciousness The narrative progresses from fundamental urban concepts to physical aspects of city living such as housing and transportation before exploring social dynamics and future urban models What sets City Living apart is its interdisciplinary approach connecting urban studies with economics environmental science and public health By combining academic rigor with real world examples and personal narratives the book offers valuable insights for urban professionals policymakers and curious city dwellers alike It not only analyzes current urban challenges but also presents strategies for creating more livable sustainable and equitable urban environments in an era of rapid global urbanization
