**Social Media for Strategic Communication** Karen Freberg, 2025-08-19 Social Media for Strategic Communication teaches students the skills and principles needed to use social media in persuasive communication campaigns The Third Edition features a brand new chapter on social media and crisis communication discussion of AI integrated in each chapter and updated coverage of changes to platforms trends strategies and emerging challenges across social media

Short Clip Big Money Earn \$3K-\$15K Every Month on YouTube AQEEL AHMED, 2025-11-27 Short Summar Short Clip Big Money Earn 3K 15K Every Month on YouTube Summary Short Clip Big Money Earn 3K 15K Every Month on YouTube YouTube has entered a new chapter where short vertical videos called YouTube Shorts can turn normal people into successful creators These videos are usually 60 seconds or less and they spread extremely fast You don't need expensive cameras a studio or special training All you need is a simple idea your phone and a smart plan Today anyone from teenagers to seniors can earn real money online with Shorts Whether you create funny videos helpful tips motivational messages or educational content Shorts help you grow quickly Even beginners can start easily because modern AI tools like ChatGPT Canva CapCut Pictory Descript and InVideo help you write scripts create designs make voiceovers and edit videos fast What once took hours can now be done in minutes But to make money you must understand how YouTube pays creators When you get 500 subscribers and either 3 000 watch hours or 3 million Shorts views in 90 days you can join the YouTube Partner Program This lets you earn from things like Super Thanks memberships merch and fan donations Shorts view numbers grow fast so many creators reach these numbers much quicker than long form channels However ad money from Shorts is exceptionally low about 0.03 to 0.10 per 1 000 views This means ads alone

usually won't bring in 3K-15K a month. The secret is simple: Smart creators don't see Shorts as the final product. They use Shorts as marketing tools. A single 60-second clip can guide viewers toward products, services, digital items, affiliate links, sponsorships, or other money-making offers. The video gets attention; the income comes from what you promote. Short-form creators can earn money in more than 15 ways, including ads, affiliate marketing, digital downloads, online services, coaching, merchandise, brand deals, courses, and more. You don't need all of them; start with one or two and add more as your audience grows. Many creators around the world, including faceless channels and AI-powered channels, are already making 3,000-15,000 every month. Shorts are one of the fastest ways to build an online audience today. With the right strategy, this can become a powerful side hustle or even a full-time career. This book will guide you step by step: choosing your niche, using AI to earn money in many ways, and building a long-term YouTube business. Your first 60-second clip could change your life.

**Gig Economy Survival Guide** Xena Mindhurst, 2024-10-11. Gig Economy Survival Guide offers a comprehensive roadmap for navigating the complex world of freelance and contract work. This timely book explores the rise of the gig economy, examining how technological advancements and changing workforce dynamics have transformed traditional employment structures. At its core, the guide argues that with the right strategies and mindset, individuals can thrive in the world of independent work. The book addresses three critical areas for success: 1. Financial management, 2. Work-life balance, 3. Legal considerations. It provides practical advice on budgeting, pricing strategies, time management, and understanding contracts. What sets this guide apart is its holistic approach, combining economic theories, psychological insights, and legal concepts to create a well-rounded resource for freelancers. The author incorporates case studies and interviews with successful gig workers, offering real-world examples that readers can relate to and learn from. Progressing from the fundamentals of the gig economy to long-term career sustainability, the book's structure mirrors the journey of establishing a freelance career. It balances academic insights with actionable advice, making complex concepts accessible to a general audience. Whether you're a new freelancer or an established independent worker, this guide provides valuable tools for optimizing your career in the ever-evolving landscape of the gig economy.

**The Economics of Artificial Intelligence** Imad A. Moosa, 2025-05-14. This prescient book examines the implications of artificial intelligence for economic theory and policy, using actual and simulated data to assess the costs and benefits of AI. It outlines potential threats and recommends ways that mankind can deal with the ramifications of AI. Moosa covers the geopolitics of AI and explores how it poses an existential threat to neoliberal capitalism, arguing that more jobs will be lost as a result of AI than will be created.
