Ca Ne Peut Plus Durer:

, 60 years of France and Europe Helen Drake, Chris Reynolds, 2018-12-07 2017 marked the 60th anniversary of the signing of the Treaty of Rome and the starting point for today's European Union. Since then the project has indisputably come a very long way and has undergone major changes in direction. However one constant throughout has been the central role played by France. This important milestone is used to take stock of the relationship between France and Europe. The enclosed chapters cover a broad range of issues relating to the past, present and future investigating Franco-European relations via the optic of a wide range of debates. These include the issue of Europe in French presidential elections, the impact of the European question on the development of the two major political forces of left and right in France and its role in their internal tensions, Europe as a key consideration in French macro-economic policy, France's Algerian question and missed opportunities to extend Europe to its North African neighbour, Charles de Gaulle's role in defining the EU's structures for transnational democratic politics. Sixty years on France and Europe from the Treaty of Rome to the 2017 elections assess how and why Europe matters in our understanding of contemporary France and contributes to the important and ongoing research agendas for the study of France and the European Union. The chapters were originally published in a special issue of *Modern Contemporary France* *C'est le français qu'on assassine* Jean-Paul Brighelli, 2017-09-07

En s'attaquant notre langue c'est la Nation que l'on s'attaque. La France ton français fout le camp, baisse dramatique du niveau orthographique, conséquence d'un enseignement laid, rimes absurdes de l'apprentissage de la langue, n'occasions en classe sur la graphie et simplification de la grammaire jusqu'à ce qu'il n'en reste rien, utilisation massive de l'anglais et pire du globish par de hautes instances françaises y compris des candidats à la présidence de la République. Tout ça n'est qu'une inspiration commune, la langue c'est la Nation et dans le grand concert mondial les nations ne sont pas bienvenues. Du coup les communautés s'organisent autour de leurs propres langages et y sont souvent encouragées par l'institution éducative, l'arabe ou le turc oui mais le français de moins en moins. Si la langue française est la base de notre culture la dégrader peut suffire à suicider une France vieille de douze siècles. Mais c'est cela aussi l'objectif, la France doit disparaître et c'est en attaquant la base sa langue et sa culture qu'on en finira le plus vite avec elle. Annihiler la cinquième langue la plus parlée au monde n'est pas une mince affaire. Mais si nous continuons sur notre lancée autodestructrice l'horizon 2030 ce sera fait. Que faire? C'est par l'apprentissage systématique de la langue dans ce qu'elle a de plus beau et de plus emblématique que nous pouvons chapper au sort qui nous est promis par le néolibéralisme intégrer et assimiler la mosaïque de populations qui se pressent sur notre territoire. C'est par la langue que nous pouvons resoudre les tensions entre communautés, un joli mot inventé pour faire croire qu'il n'y a plus de communauté unique des citoyens français. C'est par la langue que nous pouvons résister à la déferlante de cette mondialisation qui prétend nous parpiller, faire du puzzle.
