Cain The Neolithic Link:

Cain Billie J. Standifer,1982 **The Publishers' Trade List Annual** ,1984 **Books in Print Supplement** ,1982

A Metallurgical Gemara Dan Levene,Benno Rothenberg,2007 *A Metallurgical Gemara* is the first in depth exploration of evidence of the use of metals and related technologies within the classic Jewish literary sources Levene s expertise in Semitic languages and Jewish studies and Rothenberg s unique understanding and knowledge of the history of metallurgy combine to produce this unique interdisciplinary research Their work brings to light the extent to which metal work was part of the lives of the Israelites of antiquity and the Jews of the late antique and medieval worlds But this book is more than just an analysis of technical aspects it traces the place of the metallurgical motif in these people s lives and folklore and explores the ancient concepts regarding the nature of matter as expressed through the prism of their religious world view *Earth Story in*

Genesis Norman C. Habel,Shirley Wurst,2000-08-01 A series of articles by scholars from around the world reading the story of Earth in Genesis in the light of the ecojustice principles enunciated in Volume One Readings from the Perspective of Earth These readings uncover how Earth may be valued or de valued given a voice or denied a voice dominated or served depending on the orientation of the text In Genesis 1 for example the intrinsic worth of Earth is highlighted in the revealing of Earth s presence but negated when humans are given the right to subdue it In Genesis 9 the text begins with the Earth community terrified by and alienated from humans but ends with all the Earth Community and Earth itself bound together equally in a covenant **The Dawn of Agriculture and the Earliest States in Genesis 1-11** Natan Levy,2023-11-29 This

book invites a close textual encounter with the first 11 chapters of Genesis as an intimate drama of marginalised peoples wrestling with the rise of the world s first grain states in the Mesopotamian alluvium The initial 11 chapters of Genesis are often considered discordant and fragmentary despite being a story of beginnings within the context of the Bible Readers discover how these formative chapters cohere as a cross generational account of peoples grappling with the hegemonic spread of domesticated grain production and the concomitant rise of the pristine states of Mesopotamia The book reveals how key episodes from the Genesis narrative reflect major societal revolutions of the Neolithic period in Mesopotamia through a three fold hermeneutical method literary analysis of the Bible and contemporary cuneiform texts modern

scholarship from archaeological anthropological ecological and historical sources and relevant exegesis from the Second Temple and rabbinical era These three strands entwine to recount a generally sequential story of the earliest archaic states as narrated by non elites at the margins of these emerging state spaces *The Dawn of Agriculture and the Earliest States in Genesis 1-11* provides a fascinating reading of the first 11 chapters of Genesis appealing to students and scholars of the Hebrew Bible and the Near East as well as those working on ecological injustice from a religious vantage point **Books in**

Print ,1977 **Modern Environmentalism** David Pepper,2002-06-01 *Modern Environmentalism* presents a comprehensive introduction to environmentalism the origins of its main beliefs and ideas and how these relate to modern environmental

ideologies Providing a historical overview of the development of attitudes to nature and the environment in society the book examines key environmentalist ideas influences and movements Science s role in mediating our view of nature is emphasised throughout This entirely new account draws on the explosion of writing on socio environment relations since Pepper s earlier work *The Roots of Modern Environmentalism Before Columbus; Links Between the Old World and Ancient America* Cyrus Herzl Gordon,1971 This book provides evidence linking ancient Mesoamerica with the civilizations of Europe Africa and Asia It demonstrates that transoceanic travel across the Atlantic and Pacific to the New World was taking place as long as five thousand years ago *Place, Ecology and the Sacred* Michael S. Northcott,2015-06-18 People are born in one place Traditionally humans move around more than other animals but in modernity the global mobility of persons and the factors of production increasingly disrupts the sense of place that is an intrinsic part of the human experience of being on earth Industrial development and fossil fuelled mobility negatively impact the sense of place and help to foster a culture of placelessness where buildings fields and houses increasingly display a monotonous aesthetic At the same time ecological habitats and diverse communities of species are degraded Romantic resistance to the industrial evisceration of place and ecological diversity involved the setting aside of scenic or sublime landscapes as wilderness areas or parks However the implication of this project is that human dwelling and ecological sustainability are intrinsically at odds In this collection of essays Michael Northcott argues that the sense of the sacred which emanates from local communities of faith sustained a parochial ecology which over the centuries shaped communities that were more socially just and ecologically sustainable than the kinds of exchange relationships and settlement patterns fostered by a global and place blind economy Hence Christian communities in medieval Europe fostered the distributed use and intergenerational care of common resources such as alpine meadows forests or river catchments But contemporary political economists neglect the role of bounded places and spatial limits in the welfare of human and ecological communities Northcott argues that place based forms of community dwelling and exchange such as a local food economy more closely resemble evolved commons governance arrangements and facilitate the revival of a sense of neighbourhood and of reconnection between persons and the ecological places in which they dwell *Archaeologia Cambrensis* ,1923 **Paleopathology** Roy Lee Moodie,1923 **Sargon the Magnificent** Ethel Susan Graham Paterson Bristowe,Mrs. Sydney Bristowe,1927 **The Basket, Or, The Journal of the Basket Fraternity Or Lovers of Indian Baskets and Other Good Things** ,1903 **Modern Science in Bible Lands** Sir John William Dawson,1895 *Forest Design Planning* Simon Bell,1998 **The American Antiquarian and Oriental Journal** ,1888 **Bulletin ... of Books Added to the Public Library of Detroit, Mich** Detroit Public Library,1905 *The American Antiquarian and Oriental Journal* Stephen Denison Peet,J.
