Cairo From Edge To Edge:

Cairo, from Edge to Edge Şun' Allāh Ibrāhīm, 1998 The Mother of the World as seen through the lens of French photographer Jean Pierre Ribière and the pen of Egyptian writer Sonallah Ibrahim The result is a rich and highly original portrait of a city Ribière's seventy powerful photographs capture fugitive moments in urban life and architecture in which historic grandeur meets modernity in a race with time Meanwhile Sonallah Ibrahim's incisive exploration of Cairo's past and his own past reveals a man living on the edge of a city living on the edge of itself **Sonallah Ibrahim** Starkey Paul Starkey, 2016-06-02 This volume is designed as an introduction to the contemporary Egyptian author Sonallah Ibrahim one of the most important Arabic novelists of the modern era with an unrivalled reputation for independence and integrity among contemporary Egyptian writers The first study in any language devoted exclusively to Sonallah Ibrahim the volume discusses each of the author's novels individually beginning with the seminal *Tilka al ra'ihah* That Smell 1966 and ending with *al Jalid Ice* 2011 Each work is discussed individually in its literary social historical and political context The volume traces the evolution of Sonallah Ibrahim's work in terms both of their themes and of their literary technique and concludes with an attempt at an overall evaluation of the author's contribution to the contemporary Egyptian novel Paul Starkey's account shows how innovative and stylistically rich the Arabic novel has become over a period of some fifty years beyond the better known work of writers such as Naguib Mahfouz and Yusuf Idris As such the volume will serve as an introduction not only to the individual author but also to the development of Egyptian and more generally Arabic literature over the last half century

Egypt's Culture Wars Samia Mehrez, 2008-04 This ground breaking work presents original research on cultural politics and battles in Egypt at the turn of the twenty first century It deconstructs the boundaries between high and low culture drawing on conceptual tools in cultural studies translation studies and gender studies to analyze debates in the fields of literature cinema mass media and the plastic arts Anchored in the Egyptian historical and social contexts and inspired by the influential work of Pierre Bourdieu it rigorously places these debates and battles within the larger framework of a set of questions about the relationship between the cultural and political fields in Egypt **Egyptian Antiquities in the Pier**

Collection Garrett Chatfield Pier, 1906 *Islamic Geometric Patterns* Jay Bonner, 2017-08-17 The main focus of this unique book is an in depth examination of the polygonal technique the primary method used by master artists of the past in creating Islamic geometric patterns The author details the design methodology responsible for this all but lost art form and presents evidence for its use from the historical record both of which are vital contributions to the understanding of this ornamental tradition Additionally the author examines the historical development of Islamic geometric patterns the significance of geometric design within the broader context of Islamic ornament as a whole the formative role that geometry plays throughout the Islamic ornamental arts including calligraphy the floral idiom dome decoration geometric patterns and more and the underexamined question of pattern classification Featuring over 600 beautiful color images Islamic Geometric

Patterns Their Historical Development and Traditional Methods of Construction is a valuable addition to the literature of Islamic art architecture and geometric patterns This book is ideal for students and scholars of geometry the history of mathematics and the history of Islamic art architecture and culture In addition artists designers craftspeople and architects will all find this book an exceptionally informative and useful asset in their fields Jay Bonner is an architectural ornamentalist and unaffiliated scholar of Islamic geometric design He received his MDes from the Royal College of Art in London 1983 He has contributed ornamental designs for many international architectural projects including the expansion of both the al Masjid al Haram Grand Mosque in Mecca and the al Masjid an Nawabi Prophet s Mosque in Medina as well the Tomb of Sheikh Hujwiri in Lahore and the Ismaili Centre in London to name but a few He is committed to the revitalization of Islamic geometric design through the teaching of traditional methodological practices To this end in addition to publishing Jay Bonner has lectured and taught design seminars at many universities and conferences in North America Europe North Africa and Asia
