Edwards, 2015-12-01 When Henry Luce announced in 1941 that we were living in the American century he believed that the international popularity of American culture made the world favorable to U S interests Now in

the digital twenty first century the American century has been superseded as American movies music and video games are received understood and transformed How do we make sense of this shift Building on a decade of fieldwork in Cairo Casablanca and Tehran Brian T Edwards maps new routes of cultural exchange that are innovative accelerated and full of diversions Shaped by the digital revolution these paths are entwined with the growing fragility of American soft power They indicate an era after the American century in which popular American products and phenomena such as comic books teen romances social networking sites and ways of expressing sexuality are stripped of their associations with the United States and recast in very different forms Arguing against those who talk about a world in which American culture is merely replicated or appropriated Edwards focuses on creative moments of uptake in which Arabs and Iranians make something unexpected He argues that these products do more than extend the reach of the original They reflect a world in which culture endlessly circulates and gathers new meanings

THE CITY OF THE DEAD is a mysterious area of Cairo that many Egyptians are aware of but not intimately connected too This book provides a historical evolution of a residential cemetery more than four centuries old Beneath a modern multilane highway lies a vast intricately connected ancient necropolis that stretches over three kilometres The primary focus of the book is to analyze understand and to share the unique history and culture of this hidden yet dynamic city with the outside world It is here that life and death reconcile under the amazingly interesting stories of the lives shared by its community members From the Majestic Citadel to the wonderfully designed grave tombs of unknown mystic saints this book expresses the historical and cultural voice of this indomitable city which never stops reinventing itself This panoramic story of a city that oscillates between the sacred and the profane ancient tombs coalesce with chaotic markets blends the personal touch of first hand travel with the in depth provocation of history It is a sweeping lucid work
