Calculus Of Intimacy:

The Calculus of Intimacy Richard John Murphy, 1993 This collection of provocative and passionate essays celebrates the intimate moments of teaching and writing in the life of a college English teacher Part autobiography part reflection on the art and craft of teaching part inquiry into knowing through the lenses of memory and fiction Murphy's narrative moves through classrooms through various schools and through his personal experience to consider the ways in which writing and teaching writing develop self knowledge The book's chapters unfold an array of moments of different kinds of intimacy being a new student at a new school trying to construct a course whose syllabus is an illusion standing by helplessly as a student fails sharing wordlessly with a father the fact of his impending death cheering the accomplishments of one's children learning how to teach These moments and others are the fabric of the book some presented in fragments some extended in fully developed episodes At the same time that the essays capture moments of intimacy in the lives of teachers and students they also address a number of issues being raised by both the public press and in professional debate for example effective methods of teacher education the roles of writing in education the legitimacy of personal writing assignments and the usefulness of stories in educational research In juxtaposition and dialogue with each other these stories combine to suggest not only the life of one teacher but how in telling and remembering teachers understand what they do and who they are These moving and enlightening essays offer new ways of considering the roles of storytelling and identity and will inspire all writers readers and teachers

The Poetics of Intimacy and the Problem of Sexual Abstinence Michael J. Hartwig, 2000 This bold work asks whether traditional Christian sexual morality with its emphasis on sexual abstinence outside of heterosexual marriage is harmful Appealing to sociological studies anthropological theories and contemporary theological ethics Hartwig develops a model of sexual virtue around the concept of a poetics of intimacy and applies this model to particular challenges faced by the divorced married couples gay men and lesbians single adults and people with mental and developmental disabilities He concludes that mandated long term and lifelong sexual abstinence for those outside heterosexual marriage is not only
