Cadres And Corruption The Organizational Involution Of The Chinese Communist Party

Yang Zhong, Shiping Hua

Cadres And Corruption The Organizational Involution Of The Chinese Communist Party:

Cadres and Corruption Xiaobo Lü, 2000 The most up to date and comprehensive analysis of corruption and change in the Chinese Communist Party *Cadres and Corruption* reveals the long history of the party's inability to maintain a corps of committed and disciplined cadres Contrary to popular understanding of China's pervasive corruption as an administrative or ethical problem the author argues that corruption is a reflection of political developments and the manner in which the regime has evolved Based on a wide range of previously unpublished documentary material and extensive interviews conducted by the author the book adopts a new approach to studying political corruption by focusing on organizational change within the ruling party In so doing it offers a fresh perspective on the causes and changing patterns of official corruption in China and on the nature of the Chinese Communist regime By inquiring into the developmental trajectory of the party's organization and its cadres since it came to power in 1949 the author argues that corruption among Communist cadres is not a phenomenon of the post Mao reform period nor is it caused by purely economic incentives in the emerging marketplace Rather it is the result of a long process of what he calls organizational involution that began as the Communist party state embarked on the path of Maoist continuous revolution In this process the Chinese Communist Party gradually lost its ability to sustain officialdom with either the Leninist cadre or the Weberian bureaucratic mode of integration Instead the party unintentionally created a neotraditional ethos mode of operation and set of authority relations among its cadres that have fostered official corruption

Critical Readings on the Communist Party of China (4 Vols. Set) Kjeld Erik Brodsgaard, 2016-12-12 The Chinese Communist Party CCP with nearly 90 million members is the largest ruling political party in the world Its power and influence reach into every corner of state society and economy in China Given the CCP's omnipresence in depth knowledge of how the CCP is organised and managed and how it will likely evolve is of paramount importance and is a basic prerequisite for understanding China's rise By bringing together the best scholarship on the CCP covering areas such as organisation cadre management recruitment and training ideology and propaganda factions and elites reform and adaptation corruption and law this collection provides a key to open the black box of Chinese politics

When People Want Punishment Lily L. Tsai, 2021-08-12 Against the backdrop of rising populism around the world and democratic backsliding in countries with robust multiparty elections this book asks why ordinary people favor authoritarian leaders Much of the existing scholarship on illiberal regimes and authoritarian durability focuses on institutional explanations but Tsai argues that to better understand these issues we need to examine public opinion and citizens concerns about retributive justice Government authorities uphold retributive justice and are viewed by citizens as fair and committed to public good when they affirm society's basic values by punishing wrongdoers who act against these values Tsai argues that the production of retributive justice and moral order is a central function of the state and an important component of state building Drawing on rich empirical evidence from in depth fieldwork original surveys and innovative experiments the book

provides a new framework for understanding authoritarian resilience and democratic fragility **Routledge Handbook of Chinese Culture and Society** Kevin Latham, 2020-02-27 The Routledge Handbook of Chinese Culture and Society is an interdisciplinary resource that offers a comprehensive overview of contemporary Chinese social and cultural issues in the twenty first century Bringing together experts in their respective fields this cutting edge survey of the significant phenomena and directions in China today covers a range of issues including the following State privatisation and civil society Family and education Urban and rural life Gender and sexuality and reproduction Popular culture and the media Religion and ethnicity Forming an accessible and fascinating insight into Chinese culture and society this handbook will be invaluable to students and scholars across a range of disciplines including anthropology sociology area studies history politics and cultural and media studies **Afterlives of Chinese Communism** Christian Sorace, Ivan Franceschini, Nicholas Loubere, 2019-06-25 Afterlives of Chinese Communism comprises essays from over fifty world renowned scholars in the China field from various disciplines and continents It provides an indispensable guide for understanding how the Mao era continues to shape Chinese politics today Each chapter discusses a concept or practice from the Mao period what it attempted to do and what has become of it since The authors respond to the legacy of Maoism from numerous perspectives to consider what lessons Chinese communism can offer today and whether there is a future for the egalitarian politics that it once promised **The Cultural Revolution at the Margins** Yiching Wu, 2014-06-09 The Cultural Revolution began from above yet it was students and workers at the grassroots who advanced the movement s radical possibilities by acting and thinking for themselves Resolving to suppress the resulting crisis Mao set events in motion in 1968 that left out in the cold those rebels who had taken it most seriously Yiching Wu shows **China's "peaceful Rise" in the 21st Century** Sujian Guo, 2006-01-01 This comprehensive and timely study examines the conditions and challenges of China s peaceful rise and addresses the central question of whether it is possible for China to rise peacefully in the 21st century bearing in mind the implications for China Red Inc. Robert K. Schaeffer, 2015-11-17 Red Inc takes issue with the view that economic development will eventually promote democracy It outlines in detail the enormous social costs of the rapid rise of China s economy Although many observers argue that Deng Xiaoping introduced capitalism to China in the late 1970s Schaeffer believes that capitalist development really began during the 1950s under Mao Zedong But although Mao made relentless efforts to generate the capital needed to finance economic development his regime failed to promote any real growth Schaeffer shows that the remarkable rise of its economy in recent years has provided China with new and often corrupt sources of wealth and power that have enabled it to resist democracy He brings into sharp focus the consequence of the regime s uncompromising approach to capital accumulation *Organizational Involution and Official Deviance* Xiaobo Lü, 1994 **Political Science Quarterly** Munroe Smith, Thomas Reed Powell, Parker Thomas Moon, Henry Raymond Mussey, Robert Livingston Schuyler, Columbia University. Faculty of Political Science, 2001 **Corruption and Realism in Late Socialist China**

Jeffrey Kinkley, 2007 The first analysis in any language of China's recent epic novels about official corruption this book explores how Chinese authors treat the theme of official malfeasance in mass market thrillers how those works reflect modern life and how they approach the taboo subject of regime change American Journal of Chinese Studies, 2001

Class Struggle and Deviant Labeling in Mao's China Wenhui Cai, 2001 This study investigates the entire process of deviant labeling under the leadership of Chairman Mao between 1950 and 1978 Through the use of life history materials that include autobiographies and memoirs published in both English and Chinese the causes of the labeling the lives of the deviants and the consequences of deviant labels on individuals family members and significant others are thoroughly analyzed It documents the impacts of labeling on the self concept of deviants and the creation of a new socially and politically defined deviant class the enemies of the people in Mao's China Organizational Involvement and Official Deviance Xiaobo Lu, 1994 *Issues & Studies*, 2002 *Bringing the Party Back in* Kjeld Erik Brødsgaard, Yongnian Zheng, 2004 With 66 million members in its ranks the Chinese Communist Party CCP is the largest ruling party in the world Yet for two decades the CCP has been marginalized in the field of China study despite the fact that the CCP continues to dominate both China's domestic development and external affairs amidst radical changes to communist parties in other parts of the world For better or for worse the impact of any major changes in the CCP will go beyond China's national boundary the analyses and research in this book look at how the CCP has been able to avoid the predicted breakdown of its regime and instead revitalize itself by reaching out to new social forces and strengthening its organisational machine in this way the book brings the CCP back into the focal point of our understanding of China's development **Reforming Mao's State** Ju Wu, 2005 **Political Civilization and Modernization in China** Yang Zhong, Shiping Hua, 2006 Provides a comprehensive study of China's political civilization since the term was introduced by then Party Secretary Jiang Zemin in 2002 This collection of ten essays discusses the relations between political civilization and political reform in China from the different perspectives of institution building political culture and more This volume is the first comprehensive study of China's political civilization since the term was introduced by then Party Secretary Jiang Zemin in 2002 Selected among about 200 papers delivered at an international conference in Beijing in 2004 this collection of ten essays discusses the relations between political civilization and political reform in China from the different perspectives of institution building political culture political theory intra party democracy political participation judiciary reform legislative reform and media reform While the contributors are aware of the enormous difficulties China faces in reforming its political system and political culture most are optimistic about the prospect of reform Through theoretical discussions institutional analysis and other empirical methods prominent scholars such as Brantly Womack Weixing Chen Yufan Hao and Jean Pierre Cabestan contribute to our understanding of Chinese politics in unique ways **Implementing Anticorruption in the PRC** Flora Sapio, 2005 Curbing Corruption in Asia Jon S. T. Quah, 2003 This academic study examines how corruption is controlled in six Asian countries namely Hong Kong India

Mongolia the Philippines Singapore and South Korea These countries illustrate between them three patterns of corruption control in Asian countries Pattern 1 is demonstrated by Mongolia which has anti corruption laws but no independent agency Pattern 2 is illustrated by India and the Philippines as they have many anti corruption laws and anti corruption agencies Pattern 3 refers to the implementation of anti corruption legislation by an independent anti corruption agency and is best exemplified by Singapore and Hong Kong South Korea has moved from Pattern 1 to Pattern 3 with the formation of the Korean Independent Commission against Corruption in 2002
