Tintern Abbey David Martin Robinson,1995 The Secrets of Tintern Abbey Gordon Masters,2008 For four hundred years the Cistercian monks who inhabited Tintern Abbey toiled prayed and strived to fulfill their spiritual commitment to a monastic life Those who joined the order anticipated a peaceful existence devoted to praising God But medieval times were troubled times and the abbey endured struggle along with serenity Civil war the Black Plague and the English Reformation all took their toll Would the monks faith prove stronger than the hardships they faced **Excavations at Hulton Abbey, Staffordshire 1987-1994** William D. Klemperer,2017-12-02 Hulton Abbey was a minor Cistercian monastery in north Staffordshire England founded in 1219 and finally dissolved in 1538 This is the final report on the archaeological excavations undertaken there between 1987 and 1994 In particular the chapter house was uncovered and re assessed and the eastern part of the church and north aisle were completely excavated together with the eastern half of the nave The excavations are described by area and chronological phase with detailed specialist reports including architectural stonework and decorated floor tiles An extensive programme of sampling and analysis of pollen remains from burials was also completed The remains of 91 individuals mainly men but also women and children are reported on in detail with sections on abnormalities and pathology as well as medieval burial goods such as a wax chalice and wooden wands Comparisons with other published monastic sites in the region help to place Hulton into a wider context An important element of the project was education and community involvement and today the site lies in a small urban park in Stoke on Trent Catalogue of British Official Publications Not Published by HMSO. ,1995 *The Companion Guide to Wales* David Barnes,2005 Wales is a country where small in beautiful a cultural tradition rooted in the austerity and erudition of the Celtic saints a tradition more confirmed than repudiated by the Reformation and is best appreciated by lovers of small things The delights of Wales are understated and cumulative small country churches rather than great city cathedrals a labyrinth of byways away from the few highways details of vernacular architecture rather than grand edifices Edward I's thirteenth century castles being the exception that proves the rule **The Coach Operators Handbook** ,2010 **Glamorgan and Gwent** Elisabeth Whittle,1992 Through exploring 150 monuments accessible to the public this book aims to encourage an appreciation of such historic sites The examples range from palaeolithic caves at the earliest appearance of man through to the settlements of the mid 16th century AD **Heritage Interpretation** Marion Blockley,Alison Hems,2013-01-11 An essential guide to present practice and policy concerning issues in heritage management Heritage Interpretation draws on the accumulated expertise and international reputation for excellence of the UK heritage industry to describe and analyze best practice in heritage interpretation The contributors all responsible for developing best practices come from a range of heritage organizations including English Heritage The National Trust Historic Scotland CADW and National Parks They draw on examples from throughout the UK from public art and twentieth century military remains to cathedrals and urban heritage and discuss the range of interpretive

options available and how they can be appropriately tailored to specific places and audiences Providing practical guidance on interpretive techniques the book provides insights into the philosophies and thinking that underpins their adoption in particular contexts This clear and easy guide is an valuable addition to the reading list of any student of history or heritage studies **The Antiquaries Journal** ,2004 Travel Guide Best Road Trips Great Britain Tasmin Waby, Isabel
