The opening of L'uvre introduces Claude as he roams the Parisian streets, his artist's sensibility at odds with the reality of the external world. Just as he arrives home, he unexpectedly finds Christine, a frightened young girl seeking refuge after a mishap during her journey to the city. Despite his initial skepticism and gruff demeanor, he offers her shelter from the storm, leading to moments of tension and vulnerability as both characters navigate their individual fears and desires. This encounter sets the stage for the exploration of artistic ambition and the complex relationships between men and women against the backdrop of a vibrant yet harsh Parisian society. *Zola, Cézanne, and Manet: a Study of L'oeuvre* Robert Judson Niess, 1968. In the last years of his life, Paul Cézanne produced a stunning series of watercolors; many of them still lifes. Still Life with Blue Pot is one of these late masterpieces that is now in the collection of the Getty Museum. In *Cézanne in the Studio: Still Life in Watercolors*, Carol Armstrong places this great painting within the context of Cézanne's artistic and psychological development and of the history of the genre of still life in France. Still life, like the medium of watercolor, was traditionally considered to be low in the hierarchy of French academic paintings. Cézanne chose to ignore this hierarchy, creating monumental still-life watercolors that contained echoes of grand landscapes and even historical paintings in the manner of Poussin, the highest of classical art forms. In so doing, he changed his still lifes with new meanings, both in terms of his own notoriously difficult personality and in the way he used the genre to explore the very process of looking at and creating art. Carol Armstrong's study is a fascinating exploration of the brilliant watercolor paintings that brought Cézanne's career to a complex and triumphant conclusion. The book includes new photographic studies of the Getty's painting that allow the reader to encounter this great watercolor as never before, in all of its richness and detail. *Cézanne Paintings* Götz Adriani, Paul Cézanne, 1995. **Cézanne Drawing** Kiko Aebi, Annemarie Iker, Laura Neufeld, 2021. Although he is most

often celebrated as a painter Paul Cézanne's extraordinary vision was fuelled by his experiments on paper. In pencil and watercolour on individual sheets and across the pages of sketchbooks the artist described form through multiple probing lines, realized compositions through repetitions and transformations and conjured kaleidoscopic colour through laborious layering of watercolour. It is in these material realities of drawing where we see Cézanne at his most modern, embracing the unfinished, making process visible and actively inviting the viewer to participate in the act of perception. To date, exhibitions devoted to Cézanne have tended to focus on a single genre, a specific theme or an isolated moment within the artist's oeuvre. Published to accompany an exhibition at The Museum of Modern Art, this is the first major effort to unite drawings from across Cézanne's entire career, tracing the development of his practice on paper, exploring working methods that transcend subject and devoting research to conservation as well as curatorial fronts. **CEZANNE** Paul Cézanne, Museum of Modern Art (New York, N.Y.), 1977. **Cézanne & Giacometti** Paul Cézanne, Felix Andreas Baumann, 2008. Though they were born 62 years and hundreds of miles apart, synchronicities between Paul Cézanne and Alberto Giacometti continue to arise. Called father of us all by Pablo Picasso, the French Post Impressionist Cézanne is widely regarded as the artistic bridge between Impressionism and Modernism and he was highly influential to Giacometti, the Swiss sculptor known for his Surrealistic elongated human forms of the 1940s, 50s and 60s. The subtitle of this volume, *Paths of Doubt*, refers in part to both artists' refusal of the movements by which they were embraced: in Cézanne's case, Impressionism, and in Giacometti's, Surrealism. *Doubt* also alludes to Cézanne's late success. His legendarily bad social skills led him from the artistic hub of 1870s Paris to the French countryside where he lived as a recluse, only attracting attention for his work when he was in his late fifties. Giacometti conversely found early success with the Surrealists but broke off from them in the late 40s when he began making more realistic black figurative sculptures. His doubt surfaced in statements like these: 'If I could make a sculpture or a painting but I'm not sure I want to in just the way I'd like to, they would have been made long since but I am incapable of saying what I want. Oh I see a marvelous and brilliant painting but I didn't do it, nobody did it. I don't see my sculpture, I see blackness.' This unique volume sheds light on Giacometti's stylistic allusions to Cézanne and finds surprising corollaries between the two masters' lives and work.
