**United States Court of Appeals for the District of Columbia Circuit** United States. Court of Appeals (District of Columbia Circuit),1985 **The Artificial Intelligence Playbook** Meghan Hargrave,Douglas Fisher,Nancy Frey,2024-03-05 Time Saving AI Tools that Make Learning More Engaging Busy educators need tools that support their planning and provide them with more time with students While Artificial Intelligence AI has emerged as a promising solution it can only help if we re willing to learn how to use it in ways that improve upon what we already do well The Artificial Intelligence Playbook Time Saving Tools that Make Learning More Engaging is here to empower teachers to explore AI s potential and discover practical ways to implement it to enhance their planning and instruction Two chapters and 6 Educator Functions guide teachers step by step through how to purposely use AI to Compose Writing Prompts and Avoid Plagiarism Manage Content Foster Student Engagement Meet Students Instructional Needs Assess Student Learning Continue Lifelong Learning Though AI has the potential to reduce workload for educators it will never replace teachers Your connection with students is irreplaceable and greatly impacts their learning Consider AI a valuable tool that provides you with more time to build and sustain those vital relationships with students and that can assist them in learning at the very same time

**Surveillance Education** Nolan Higdon,Allison Butler,2024-08-02 Surveillance Education explores the pervasive use of

digital surveillance technologies in schools and assesses its pernicious effects on students Recognizing that the use of digital technologies will persist the authors instead offer practical ways to ameliorate their impact In our era of surveillance capitalism digital media technologies are ever more intertwined into the educational process Schools are presented with digital technologies as tools of convenience for gathering and grading student work as tools of support to foster a more equitable learning environment and as tools of safety for predicting or preventing violence or monitoring mental emotional and physical health Despite a dearth of evidence to confirm their effectiveness digital data collection and tracking is often presented as a way to improve educational outcomes and safety This book challenges these fallacious assumptions and argues that the use of digital media technologies has caused great harm to students by subjecting them to oppressive levels of surveillance impinging upon their right to privacy and harvesting their personal data on behalf of Big Tech In doing so the authors draw upon interviews from K 12 and higher education students teachers and staff civil rights and technology lawyers and educational technological programmers The authors also provide practical guidance for teachers administrators students and their families seeking to identify and combat surveillance in education This urgent eye opening book will be of interest to students and educators with interests in critical media literacy and pedagogy and the sociology of technology and education
