Profitable Posts Social Media Marketing Plan to Build an Online Business to Profit Up to Six Figures, 2024-01-22 INTRODUCTION There comes a time when the elastic snaps. When you push yourself to breaking point and everything crashes down. My breaking point came on a gloomy Monday morning commute in 2015. Sitting in my car waiting for the lights to change, I looked at two guys in their cars on either side of me. They looked as miserable as I felt. At that moment, I burst into tears. What the fuck was I doing with my life? I was unhappy in my personal life and hated my job. I couldn't see a way out. I was too invested in my career, too old to start again. Looking back, I didn't know jack shit about building a fitness business. Corporate marketing is one thing. Doing everything from scratch alone in a different industry is another. I didn't have a creative agency or a multimillion-pound budget. All I had was a Personal Trainer certificate and the ironparadisefitness.com domain name. Nevertheless, I started building my online empire. Or, as I now refer to it, pissing in the wind for two years. I would write lousy articles, post selfies, and wonder why clients weren't beating down my virtual door. Desperate to carve a way out of corporate life, I vowed not to quit. My business was my obsession. Going out, meeting friends, and taking a break were a rarity. I thought it was the only way to be successful. I became a hermit. A recluse. Like the creepy
