Ultimate Youtube Automation Channel In The United States:

Global Communication Thomas L. McPhail, Steven Phipps, 2019-10-11 Discusses the players theories and trends that affect how the world communicates and gets their information This book is a definitive text on multinational communication and media conglomerates exploring how global media influences both audiences and policy makers around the world Comprehensively updated to reflect the many fast moving developments associated with this dynamic field this new edition investigates who and where certain cultural products are coming from and why and addresses issues and concerns about their impact all over the world *Global Communication Theories Stakeholders and Trends 5th Edition* has been thoroughly updated with new content trends and conclusions all based on the latest data The book examines broadcasting mass media and news services ranging from MSNBC MTV and CNN to television sitcoms and Hollywood export markets It investigates the roles of the major players such as News Corp Sony the BBC Disney Bertelsmann Viacom and Time Warner and probes the role of advertising and the Internet and their ability to transcend national boundaries and beliefs New chapters look at the growing importance and significance of other major regions such as the media in the Middle East Europe and Asia Outlines the major institutions individuals corporations technologies and issues that are altering the international information telecommunication and broadcasting order Focuses on a broad range of issues including social media and new services like Netflix as well as Arab and Asian media Includes major updates on discussion of the Internet to incorporate global events over the last few years such as Russian use thereof Facebook Google Looks at how streaming services such as Netflix Amazon Spotify and more have emerged as dominant players in world entertainment Offers an updated instructor s website with an instructor s manual test banks and student activities *Global Communication Theories Stakeholders and Trends 5th Edition* is intended as an upper level undergraduate text for students in courses on International Global Communication Global Media Journalism and Media Systems in Journalism Communications or Media Studies Departments YouTube Jean Burgess, Joshua Green, 2018-08-28 Since launching as a website for everyday video sharing in 2005 YouTube has become one of the world s most powerful digital media platforms Originally published in 2009 when YouTube was only four years old this book was the first to systematically investigate its cultural impacts and politics highlighting the productive tensions between its amateur community rhetoric and its commercial media logics Since then YouTube has grown as a platform and matured as a company Its business model is built on coordinating the interests of and extracting value from its content creators audiences advertisers and media partners in a commercial setting where YouTube now competes with other powerful social media and streaming television platforms Meanwhile YouTube s diverse communities of content creators who developed the platform s most distinctive cultural forms and genres have strong ideas and interests of their own While preserving the original edition s forensic analysis of YouTube s early popular culture and uses this fully revised and updated edition weaves fresh examples updated theoretical perspectives and comparative historical insights throughout each of its six chapters

Burgess and Green show how over its more than a decade of existence YouTube's dual logics of commerciality and community have persisted generating new genres of popular culture new professional identities and business models for the media industries and giving rise to ongoing platform governance challenges The book is essential reading for anyone interested in the contemporary and future implications of digital media platforms and will be particularly valuable for students and scholars in media communication and cultural studies *The Rise of the Algorithms* John M.

Jordan,2024-03-19 The meteoric rise of online video is reshaping the competition for human attention The Rise of the Algorithms argues that this new technology has changed the way we interact with others our relationships with public institutions and our very own behaviors and psyches In tracing the origins and evolution of online video John M Jordan examines the mechanics and the ethical stakes of online video platforms especially YouTube and TikTok but also others such as Twitch Tracing the use of algorithms pioneered by Facebook and Google and so successfully exploited by TikTok's corporate parent ByteDance Jordan shows how these platforms now engineer human behavior with consequences for culture politics and identity Jordan argues that we are at an inflection point Until now we have proved as a society ill prepared or unwilling to address such problems as the power of digital platforms the personal cost of viral celebrity the invasion of privacy and the proliferation of disinformation The Rise of the Algorithms combines this urgent assessment with a clear eyed discussion of present challenges and recommendations for reclaiming our online futures A valuable resource for understanding the transformations that have been and will be brought by YouTube TikTok and similar platforms Jordan's timely book is a vital work for anyone who uses the internet and especially for policy makers technologists communication and media specialists and researchers who have a direct hand in determining the future of our online world *Customer Relationship Management* Samit Chakravorti,2023-02-23 Customer Relationship Management A Global Approach provides a uniquely global holistic strategic and tactical grounding in managing customer and other stakeholder experiences and relationships across the value chain cultures and countries Reflecting the global structures of companies operating today the author draws on his research knowledge alongside industry and teaching experience to connect Customer Relationship Management CRM core concepts processes and strategies with international business opportunities and challenges including globalization and cross cultural marketing Emphasis is placed on the need for developing cross cultural skills and cultural intelligence for identifying and fulfilling cross country CRM opportunities through analytical strategic operational and social CRM projects Written in an accessible style throughout the eleven chapters provide ample depth to support a full course related to CRM spanning CRM foundations planning and implementation managing stakeholder relationships improving global CRM implementation Wide ranging case studies include Royal Bank of Scotland the Nike hijab Instagram HubSpot and the pharmaceutical industry in India The text will appeal to advanced undergraduate and graduate students studying CRM Relationship Marketing and International Marketing as well as CRM and marketing practitioners Samit Chakravorti is an
