channel that you have a professional team of producers and creators as the content uploaded should maintain a high standard. However, a lot of big Youtubers have started with just their mobile phone and a personality. Now video content and a strong YouTube presence can be significantly harder to establish than say Twitter, Facebook or Instagram. But if video content were right for your brand, it would be well worth the extra step. As YouTube is free to set up and easy, all you need is your Gmail address and you're set. The company makes its massive profits from ads. While they are reserved for those top budget players, YouTube still has certain issues with the ads as they are considered a form of interruption messaging, i.e. not organic content that is so highly favored on other social media platforms. Essentially, the paid ads are disrupting viewers from what they are doing on the site. And with the ease of the Skip Now button, the ads have a high chance of not being viewed if they are not properly targeted. This guide will focus on the following: Features and impact of YouTube, YouTube tools to help you target viewers, Creating great YouTube content, How the YouTube algorithm works, How to get more YouTube subscribers, Making your videos, Bringing in the traffic, Picking a profitable niche and keyword research, SEO, YouTube channel goals you can control, AND MORE.

In this age and time, people have constantly reinvented themselves, creating a niche in what they know best to do and therefore monetizing it. We can agree that no matter how skillful you are, if you don't know how to utilize it, your skills are wasted. If your dream is escaping the unending rat race of poverty, earning big figures just by pushing out video contents about something as simple as how to cook your favorite dish, Derick Richard has something for you. This eBook emerges from the author's deliberate attempt at trying to share what works and what doesn't when it comes to becoming a famous and successful Youtuber. In this eBook, Derick goes beyond the ordinary steps involved and dives into what it takes precisely to identify your YouTube niche and using YouTube analytics to grow your channels fast.
