The Regulated Internet Vittorio Bertola, Stefano Quintarelli, 2025-02-28 The Internet was once envisioned as a borderless realm promising to unify nations into a peaceful global society and empower individuals with unlimited access to knowledge Supported by Western deregulation this dream flourished until recently The European Union's introduction of strict laws governing privacy competition and content moderation marked a turning point that shocked big tech and initiated a wave of regulations worldwide In this book two leading European experts present the reasons behind this seismic shift They explain how American dominance by a few colossal companies has reshaped our online lives and triggered a movement towards a regulated Internet This insightful book also offers perspectives on future developments emphasizing that our collective decisions shape the digital landscape This book is a must read for anyone seeking to understand the changing landscape of Internet governance and its global implications

The Moral Rights of Authors and Artists Mira T. Sundara Rajan, 2025-01-20 Moral rights are held by authors and artists under copyright laws around the world and serve to recognize their role and rights as creators In the technological context these rights have acquired a new importance Moral rights respond to a growing public need for the integrity of knowledge while providing much needed support in the struggle against copyright piracy Crucially they affirm the basic human dignity of authors and artists everywhere They offer the potential for new approaches to copyright conflicts for harmonizing public and private interests commercial and cultural priorities copyright and Copyleft through a time tested and universally relevant idea Moral Rights of Authors and Artists From the

Birth of Copyright to the Age of Artificial Intelligence tells the story of moral rights as the idea developed through the ages from their antecedents in Asia and Europe to their modern emergence in British and European copyright laws and their recent reluctant yet powerful acceptance in the United States. It paints an unparalleled comparative picture of copyright law reaching from North America to Australia and New Zealand, India, Japan, Korea, and all across Continental Europe, drawn from the author's rich international experience and her practical insights as an author and artist herself. Above all, this book explores the unprecedented relevance of moral rights in the age of artificial intelligence where they can help to affirm the importance of human creativity at its most vulnerable. It is a powerful work of illumination and advocacy. **Minds, Brains,**

and Doxa for Inclusive Entrepreneurship Kirsten Mikkelsen, Annika Wolf, 2024-04-01. This book explores ways in which inclusive entrepreneurship enhances bottom-up entrepreneurial activity for economic and societal transformation, particularly in remote areas. It focuses on the role of stakeholders in shaping a successful entrepreneurial ecosystem, doxa, and how entrepreneurial ecosystems in larger cities and urban regions differ from those in rural regions, which often have weaker economic infrastructures. It examines the relationship between the internal and external entrepreneurial ecosystems in higher education for fostering entrepreneurial mindsets. Topics such as women and diversity in entrepreneurship, social entrepreneurship, and entrepreneurial education are explored. This integration of inclusive and emancipatory aspects in entrepreneurship research and practice is of benefit to researchers, scholars, academics, practitioners, and policy makers interested in and have a passion for rebuilding entrepreneurial ecosystems. **New York Review of the Telegraph and**
