## **Dakota Grammar Texts And Ethnography:**

**Dakota Grammar** Stephen Return Riggs, 2004 This classic work on the language grammar tales history and culture of the Dakota Indians is the result of many years of linguistic study and personal experience spent in Minnesota by Stephen R Riggs who arrived as a Presbyterian missionary in 1837 In Dakota grammar Riggs presents three interrelating aspects of language and culture beginning with a detailed description of the Santee dialect of the Dakota language and its grammar The texts of the traditional stories are each accompanied by full English translations Riggs also provides an ethnographic overview of various aspects of Dakota culture and history that enhances the value of the book to all students of Dakota Back cover [Dakota Grammar, Texts, and Ethnography](#) Stephen Return Riggs, 1893 *Dakota Grammar, Texts, and Ethnography* Stephen Return Riggs, 2015-06-26 Excerpt from Dakota Grammar Texts and Ethnography The author s life among the Indians was spent chiefly with a single division of the Dakota known as the Santee or Mdewakantonwan A few of the Teton words in his dictionary were furnished by one of his sons Rev T L Riggs but most of them were obtained from Rev W J Cleveland The author moreover knew very little about the languages of those cognate tribes that are not Dakota such as the Ponka Omaha Kausa Winnebago etc while I have lived among many of these tribes and have devoted considerable time to the comparison of most of the Siouan languages having engaged in original investigation from time to time as late as February 1893 when I visited the Biloxi Indians in Louisiana In order therefore to furnish the readers of this volume with the latest information and to give more fully than was possible in those footnotes for which I am responsible my reasons for hesitating to accept some of the author s conclusions as well as evidence confirmatory of some of the author s statements this preface has been written In my notation of Dakota words both in this preface and in the footnotes the author s alphabet has been used except where additional characters were needed and such characters are described in the following section of this preface But in recording the corresponding words in the cognate languages the alphabet used is that of the Bureau of Ethnology All footnotes followed by S R R were contributed by the author Those furnished by his son Rev Alfred L Riggs are signed A L R T L R stands for Rev T L Riggs and J P W for Rev J P Williamson J O D marks those footnotes for which I am responsible The alphabet given by the author on pages 3 and 4 has no characters representing certain sounds heard in the Teton dialect of the Dakota and in some of the cognate languages Besides these there are other sounds unknown in Teton and the other dialects of the Dakota but common to the other languages of the Siouan family These peculiar sounds and some additional ones which are described are given in the characters adopted by the Bureau of Ethnology The authority for the Hidatsa words is Dr Washington Matthews U S Army About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing
