Dam Busters A British Film Guide:

The Dam Busters ,2003 **How Stage Playwrights Saved the British Cinema, 1930-1956** David Cottis,2024-12-26
Examines the film careers and work of British playwrights who worked as screenwriters between 1930 1956 During the period between the 1927 Cinematograph Films Act and the new drama of the 1950s many British writers associated with the stage also wrote for films bringing the techniques of the well made play with them Some like Bernard Shaw Noel Coward and Terence Rattigan were screenwriter stars part of the publicity of the films they worked on Pygmalion Brief Encounter The Way to the Stars Others were less celebrated but had long successful screen careers such as R C Sherriff author of Journey s End who worked on films as different as The Invisible Man The Four Feathers and The Dam Busters Using the authors original archives this book follows the way in which these writers adapted their stage skills for the screen contributing to the post war Golden Age of the British cinema and creating the classic form of screenplay that continues today **The 39 Steps** Mark Glancy,2002-08-23 The British Film Guides are a fresh departure for the Cinema and Society series each telling the story of an important British film presented and priced for a readership spanning scholars students and general film enthusiasts These compact guides based on new and original research present each film s historical and cinematic context within its decade genre and director s body of work details of its production history a full analysis of the film itself and a survey of critical response to the film up to the present Combining humour and thrills in equal measure The 39 Steps 1935 is one of Alfred Hitchcock s masterpieces The film established Hitchcock s reputation internationally as the master of suspense It also inspired two remakes in 1959 and again in 1978 Mark Glancy s fresh reassessment of the film examines the work of screenwriter Charles Bennett and precedents set in Hitchcock s earlier films It follows the intriguing circumstances of its production and presents an original and close analysis of the film itself It also explores the film s critical and cinematic legacies This is a revealing and highly readable new account of a landmark British film **Whisky Galore! and The Maggie** Colin McArthur,2002-08-23 Alexander Mackendrick s first feature film Whisky Galore 1949 based on the novel by Compton Mackenzie pits the crafty islanders of Todday against the Customs and Excise men trying to halt their illegal consumption of whisky His film The Maggie the adventures of a decrepit River Clyde cargo boat was released in 1953 Both films offer distinctive representations of Scotland and the Scots a theme that Colin McArthur pursues in this lively guide to the two films He explores the wider context of a Britain experiencing and emerging from post war austerity as well as the role of Ealing Studios for which Mackendrick made both films McArthur examines the tastes and perceptions of reviewers and audiences both British and American at the time of the films release as well as changed contemporary perspectives He pays particular attention to the career of Alexander Mackendrick and offers the controversial argument that while their representations of Scottishness may be suspect the films themselves are of great artistic integrity and accomplishment **A Night to Remember** Jeffrey Richards,2002-08-23 On the night of 14 15 April 1912 during her maiden voyage Titanic struck an

iceberg and sank losing most of her passengers and crew Of the five epic films interpreting this tragic event the docu drama *A Night to Remember* 1958 is often regarded as the definitive version This text examines the film's place in the continuing generation of Titanic mythology He analyses the film unravels its production history and reception and compares it with the other Titanic films notably James Cameron's recent blockbuster *Titanic* **Black Narcissus** Sarah Street,2005-08-26 *Black Narcissus* now heralded as a masterpiece is a landmark film in the influential canon of Michael Powell and Emeric Pressburger With the centenary of Powell's birth in 2005 this timely book the first dedicated exclusively to the film draws on archival documents original set drawings and stills to demonstrate its remarkable achievements both as a production and as a vehicle for ideas Looking at the film's enduring images of both place and gender Sarah Street also examines *Black Narcissus* as a masterly technical accomplishment with cinematographer Jack Cardiff's experiments in Technicolor just one of its many advances as well as a meditation on the end of empire Looking too at the film's controversial reception by international critics and censors and its subsequent impact on experimental filmmakers Street explores issues of technique style performance and interpretation to reveal the continued relevance of *Black Narcissus* today Get Carter Steve Chibnall,2003-04-25 *Get Carter* is now widely acknowledged as the finest British gangster film of all time Released in 1971 the film fell out of fashion until the cultural changes of the 1990s gave a new currency to its pessimistic vision of a doomed male within a decaying social order Before its re-release in 1999 Mike Hodges' fusion of the crime genre with social realism received surprisingly little critical attention Steve Chibnall's book now gives *Get Carter* the consideration it demands With the co-operation of Hodges and access to rare documents including an early draft of the script Chibnall places the film in its social context describes its making discusses its characteristics scene by scene and charts its changing status since the 1970s Guide to British Cinema Geoff Mayer,2003-06-30 Gives the reader and researcher a full sense of the depth and variety of British cinema from 1929 through the present day with entries on all major British actors and directors as well as significant and successful films and genres *The Charge of the Light Brigade* Mark Connelly,2003-04-25 Tony Richardson's 1968 *Charge of the Light Brigade* with its star cast lavish sets and location shoots was one of the most expensive British films ever made Mark Connelly examines the film its production the role of its stars David Hemmings Vanessa Redgrave and John Gielgud and director Richardson's running feud with the press and the film's subsequent fame He shows the film to be representative of its time in its visual style and its use of 60s themes to discuss how *Charge of the Light Brigade* while meticulously reconstructed from authentic sources reveals the horror of war to a world struggling to come to terms with American involvement in Vietnam **The Private Life of Henry VIII** Greg Walker,2003-04-25 Alexander Korda's masterpiece *The Private Life of Henry VIII* was arguably the most important British film of the pre-war period and a phenomenal critical and box office success Greg Walker's accessible and thoroughly researched book examines the film itself its makers and its place in the cinematic and cultural history of the period He examines Korda's subtle treatment of national

and international identity his representation of British history use of modern stereotypes and discusses the representation of gender and sexuality in the film including that of Henry's wives and Laughton's award winning central performance
