Damned To Success:

The Twentieth Century Magazine Benjamin Orange Flower,1912 **Graham Greene** Michael G. Brennan,2010-05-20 A comprehensive reconsideration of Graham Greene s exploration of faith doubt literary versatility and authorial identity in his fictions and other writings "*That Damn Y*" Katherine Mayo,1920 [The Portable Graham Greene](#) Graham Greene,2005-01-25 In his essays criticism screenplays autobiography and novels Graham Greene explored a territory located somewhere on the border between despair and faith treachery and love This cross section of Greene s work was originally selected with the author s help in 1973 and has now been extensively revised and updated It includes the complete novels *The Heart of the Matter* and *The Third Man* along with excerpts from ten other novels short stories selections from Greene s memoirs and travel writings essays on English and American literature and public statements on issues that range from repression in the Soviet Union to torture in Northern Ireland to the paradoxical virtue of disloyalty An extensive critical and biographical introduction headnotes chronology and bibliography by editor Philip Stratford make *The Portable Graham Greene* as invaluable for scholars as it is essential for any traveler through Greene s richly menacing and strangely seductive literary landscapes For more than seventy years Penguin has been the leading publisher of classic literature in the English speaking world With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators *The Heart of the Matter* Graham Greene,2018-04-10 From first page to last an engrossing novel of betrayal and espionage on a colonial outpost during World War II The New York Times In a British colony in West Africa Henry Scobie is a pious and righteous man of modest means enlisted with securing borders But when he s passed over for a promotion as commissioner of police the humiliation hits hardest for his wife Louise Already oppressed by the appalling climate frustrated in a loveless marriage and belittled by the wives of more privileged officers Louise wants out Feeling responsible for her unhappiness Henry decides against his better judgment to accept a loan from a black marketeer to secure Louise s passage It s just a single indiscretion yet for Henry it precipitates a rapid fall from grace as one moral compromise after another leads him into a web of blackmail adultery and murder And for a devout man like Henry there may be nothing left but damnation Drawn from Graham Greene s own experiences as a British intelligence officer in Sierra Leone *The Heart of the Matter* is a powerful deep striking novel of a spirit lost in the darkness of the flesh New York Herald Tribune **Current Literature** ,1912 **Current Opinion** Edward Jewitt Wheeler, Frank Crane,1912 [Psychoanalytic Patterns in the Work of Graham Greene](#) Roland A. Pierloot,2023-12-14 In Greene s writings we notice a genuine concern with social and political conflicts at different places in the world But at the same time they bear witness to a distinct involvement in problems of human nature and behaviour In this respect we can formulate some dominating preoccupations such as the stressing of antitheses and

antagonisms which he calls himself cleavage the questioning of loyalty and the claiming of the right to disloyalty the repercussion of childhood experiences in particular the father son relationship on adult life and the transcendental dimension in human experience From a psychoanalytic viewpoint we analyse the various elaborations of these general themes in the work of Greene as symbolizations of specific unconscious phantasies defined in the writings of Freud Klein Fairbairn Kernberg Kohut and Winnicott This analysis of the imaginary world of an author is conceived as analogous to a clinical psychoanalysis It is a hermeneutical activity based on the countertransference experience evoked by the reading of the text while taking into account the manifold strategies of symbolizing in a literary work the choice of the genre themes text construction tropes word plays figurative language repetition discontinuity parallelism plot and characters **Advertising**
