Choreography and Corporeality Thomas F. DeFrantz, Philip Rothfield, 2016-09-14 This book renews thinking about the moving body by drawing on dance practice and performance from across the world Eighteen internationally recognised scholars show how dance can challenge our thoughts and feelings about our own and other cultures our emotions and prejudices and our sense of public and private space In so doing they offer a multi-layered response to ideas of affect and emotion culture and politics and ultimately the place of dance and art itself within society The chapters in this collection arise from a number of different political and historical contexts By teasing out their detail and situating dance within them art is given a political charge That charge is informed by the work of Michel Foucault Stuart Hall Gilles Deleuze Jacques Derrida Rancière and Luce Irigaray as well as their forebears such as Spinoza Plato and Freud Taken together *Choreography and Corporeality* RELAY in Motion puts thought into motion without forgetting its origins in the social world

Post-Apartheid Dance Sharon Friedman, 2013-01-16 The intention of this work is to present perspectives on post-apartheid dance in South Africa by South African authors Beginning with an historical context for dance in SA the book moves on to reflect the multiplicity of bodies voices and stories suggested by the title Given the diversity of conflicting realities experienced by artists in this country contentious issues have deliberately been juxtaposed in an attempt to draw attention to the complexity of dancing on the ashes of apartheid Although the focus is dance since 1994 all chapters are rooted in an historical analysis and offer a view of the field This book is ground

breaking as it is the first of its kind to speak of contemporary dance in South Africa and the first singular body of work to have emerged in any book form that attempts to provide a cohesive account of the range of voices within dance in post apartheid South Africa The book is scholarly in nature and has wide applications for colleges and universities without alienating dance lovers or minds curious about dance in Africa Mindful of its wide audience the writing deliberately adopts an uncomplicated reader friendly tone given the diversity of audiences including dance students dance scholars critics and general dance lovers that it will attract
