Dancing the Self William S. Sax, 2002-02-28 For ten years William Sax studied the inhabitants of the former kingdom of Garhwal in northern India Sax attended and participated in performances of the pandav lila a ritual reenactment of scenes from the Mahabharata in a dance and observed its context in village life Combining ethnographic fieldwork with sophisticated reflection on the larger meanings of these rituals and practices this volume presents the information in a style accessible to the uninitiated reader Sax opens a window on a fascinating and threatened aspect of rural Indian life and on Hinduism as a living religion while providing an accessible introduction to the Mahabharata itself **Dancing the Self**

symbolic associations of the body and what we do with it have helped shape religious experience and continue to do so David Brown writes excitingly about the potential of dance and music including pop jazz and opera to enhance spirituality and widen theological horizons **Weekend Breaks from Delhi** , 2004 Guidebook on India **I kalasha del Hindu Kush**

Pierpaolo Di Carlo, 2010 The Kalush are the last Kafirs pagans of Hindu Kush and speak an Indo European language which makes them a particularly precious resource for the Indo European scholar This thesis offers an in depth study of their language and of some aspects of their culture Starting from the data collected during a field study in the least well known of the three Kalasha valleys on the border between Pakistan and Afghanistan the author proposes a contrastive analysis of the everyday language and that used for poetry This analysis and the mass of ethnographic data considered enable the author to identify the socio cultural reasons behind certain linguistic choices that can be observed in the poetic discourse thus bringing to light the essence of the relations between language and culture **Religion Index One** , 2007 *The British National*
