Dancing Building:

Dancing Building Frank O. Gehry, Vlado Milunić, 2003 On the corner of Resslova Street and Rasinovo nabrezi about a hundred metres downriver from the National Theatre stands the best known and the most controversial modern building in Prague the Tancici Dum or Dancing Building Featuring two curved towers waltzing it is also occasionally referred to as the Fred and Ginger Building Now seven years after its completion a new coffee table book simply entitled Dancing Building has just been brought out Dr Jana Ticha of publishers Zlaty Rez said the book was a long time in gestation **Dancing Building** Irena Fialová, 2003 **Prague** Derek Sayer, 2018-10-15 Thirty years ago Prague was a closed book to most travelers Today it is Europe's fifth most visited city surpassed only by London Paris Istanbul and Rome With a stunning natural setting on the Vltava river and featuring a spectacular architectural potpourri of everything from Romanesque rotundas to gothic towers Renaissance palaces Baroque churches art nouveau cafés and cubist apartment buildings Prague may well be Europe's most beautiful capital city But behind this beauty lies a turbulent and often violent history and in this book Derek Sayer explores both Located at the uneasy center of the continent Prague has been a crossroads of cultures for more than a millennium From the religious wars of the middle ages and the nationalist struggles of the nineteenth century to the modern conflicts of fascism communism and democracy Prague's history is the history of the forces that have shaped Europe Sayer also goes beyond the complexities of Prague's colorful past his expert very readable and exquisitely illustrated guide helps us to see what Prague is today He not only provides listings of what to see hear and do and where to eat drink and shop but also offers deep personal reflection on the sides of Prague tourists seldom see from a model interwar modernist villa colony to Europe's biggest Vietnamese market **Prague, Capital of the Twentieth Century** Derek Sayer, 2021-11-09 The story of modernity told through a cultural history of twentieth century Prague Setting out to recover the roots of modernity in the boulevards interiors and arcades of the city of light Walter Benjamin dubbed Paris the capital of the nineteenth century In this eagerly anticipated sequel to his acclaimed Coasts of Bohemia A Czech History Derek Sayer argues that Prague could well be seen as the capital of the much darker twentieth century Ranging across twentieth century Prague's astonishingly vibrant and always surprising human landscape this richly illustrated cultural history describes how the city has experienced and suffered more ways of being modern than perhaps any other metropolis Located at the crossroads of struggles between democratic communist and fascist visions of the modern world twentieth century Prague witnessed revolutions and invasions national liberation and ethnic cleansing the Holocaust show trials and snuffed out dreams of socialism with a human face Yet between the wars when Prague was the capital of Europe's most easterly parliamentary democracy it was also a hotbed of artistic and architectural modernism and a center of surrealism second only to Paris Focusing on these years Sayer explores Prague's spectacular modern buildings monuments paintings books films operas exhibitions and much more A place where the utopian fantasies of the century repeatedly unraveled Prague was tailor made for surrealist Andr  Breton's black humor and Sayer

discusses the way the city produced unrivaled connoisseurs of grim comedy from Franz Kafka and Jaroslav Hasek to Milan Kundera and Vclav Havel A masterful and unforgettable account of a city where an idling flaneur could just as easily be a secret policeman this book vividly shows why Prague can teach us so much about the twentieth century and what made us who we are
