Dancing Histories:

Dancing Histories John Christensen McCall, 2000 Outlines a method for incorporating indigenous knowledge into anthropological work as a source of theoretical alternatives

Dancing Bodies, Living Histories Lisa Doolittle, Anne Flynn, 2000 *Dancing Bodies Living Histories* highlights significant new directions in dance studies showing how dance leaps across disciplinary boundaries and divisions between the academe and cultural practice Touching upon history cultural studies film and queer studies *Dancing Bodies* links dance to other studies in the humanities and social sciences *Dancing Bodies Living Histories* stages a set of illuminating connections between cultural theory and dancing practices examining the body in an exhilarating range of performances The volume interrogates choreography as a theorizing of identity racial gendered and classed and it elucidates power relations within and surrounding dancing Susan Leigh Foster University of California

A History of Dancing Sir Reginald St.-Johnston, 1906 St Johnston claims that his book fills a gap in the documentation of dance history and confesses he knows of only three books on the subject those by Gaston Vuillier Edward Scott and John Weaver The work contains much of the same information found in numerous other historiographies of the era The author considers the birth of stage dancing to be Kate Vaughan's Skirt Dance Another opinion expressed by St Johnston is the erroneous notion that the quadrille was one of the dances that directly followed the minuet As was common during this era the author maintains a strict western bias with chapter titles such as Quaint Dances in Civilized Countries

Moving History/Dancing Cultures Ann Dils, Ann Cooper Albright, 2013-06-01 This new collection of essays surveys the history of dance in an innovative and wide ranging fashion Editors Dils and Albright address the current dearth of comprehensive teaching material in the dance history field through the creation of a multifaceted non linear yet well structured and comprehensive survey of select moments in the development of both American and World dance This book is illustrated with over 50 photographs and would make an ideal text for undergraduate classes in dance ethnography criticism or appreciation as well as dance history particularly those with a cross cultural contemporary or an American focus The reader is organized into four thematic sections which allow for varied and individualized course use Thinking about Dance History Theories and Practices World Dance Traditions America Dancing and Contemporary Dance Global Contexts The editors have structured the readings with the understanding that contemporary theory has thoroughly questioned the discursive construction of history and the resultant canonization of certain dances texts and points of view The historical readings are presented in a way that encourages thoughtful analysis and allows the opportunity for critical engagement with the text Ebook Edition Note Ebook edition note Five essays have been redacted including The Belly Dance Ancient Ritual to Cabaret Performance by Shawna Helland Epitome of Korean Folk Dance by Lee Kyong Hee Juba and American Minstrelsy by Marian Hannah Winter The Natural Body by Ann Daly and Butoh Twenty Years Ago We Were Crazy Dirty and Mad by Bonnie Sue Stein Eleven of the 41 illustrations in the book have also been redacted
