including some of the most poignant political and significant work of his career Volume Two also looks at evolving perceptions of Jackson's face and persona approaching them as revolutionary yet deeply troubling works of art works that became even more unsettling as Jackson wrestled with the intense emotions unleashed by the abuse allegations It posits that popular perceptions of Jackson's face and persona were illusions that performed critically important cultural functions and that Jackson himself the man behind the illusion was a trickster artist It concludes that Jackson was the most important American artist of our time and that his face was his masterpiece However it only arrives at these conclusions after careful analysis of his films It's through his films that Jackson articulates his aesthetic Therefore it's his films that make his face legible The Dream Dance of the Chippewa and Menominee Indians of Northern Wisconsin Samuel Alfred Barrett,1911
