Morcote, 2001 **Trance Formation** Robin Sylvan, 2013-10-08 Robin Sylvan combines colorful firsthand accounts extensive interviews with ravers and cutting edge scholarly analysis to paint a compelling portrait of global rave culture as an important new religious and spiritual phenomenon that also serves as a template for mapping the future evolution of new forms of religion and spirituality in the twenty first century **Renewing the Process of Creation** Bradley Shavit Artson, 2015-09-21 In this daring blend of Jewish theology science and Process Thought theologian Rabbi Bradley Shavit Artson explores our actions through Judaism and the sciences as dynamically interactive and mutually informative **The Goddess in Hindu-Tantric Traditions** Anway Mukhopadhyay, 2018-04-20 The Great Goddess in her various puranic and tantric forms is often figured as sitting on a corpse which is identified as Shiva as shava God Shiva the consort of the Devi and an iconic representation of the Absolute without attributes the Nirguna Brahman Hence most of the existing critical works and ethnographic studies on Shaktism and the tantras have focused on the theological and symbolic paraphernalia of the corpses which operate as the asanas seats of the Devi in her various iconographies This book explores the figurations of the Goddess as corpse in several Hindu puranic and Shakta tantric texts popular practices folk belief systems legends and various other cultural phenomena based on this motif It deals with a more intricate and fundamental issue than existing works on the subject how and why is the Devi herself figured as a corpse in the Shakta texts belief systems and folk practices associated with the tantras The issues which have been raised in this book include how does death become a complement to life within this religious epistemology How does one learn to live with death thereby lending new definitions and new epistemic and existential dimensions to life and death And what is the relation between death and gender within this kind of figuration of the Goddess as death and dead body Analysing multiple mythic narratives hymns and scriptural texts where the Devi herself is said to take the form of the Shava the corpse as well as the Shakti who animates dead matter this book focuses not only on the concept of the theological equivalence of the Shava Shiva as corpse and the Shakti Energy in tantras but also on the status of the Divine Mother as the Great Bridge between the apparently irreconcilable opposites the mediatrix between Spirit and Matter death and life existence in stasis and existence in kinesis This book makes an important contribution to the fields of Hindu Studies Goddess Spirituality South Asian Religions Women and Religion India Studies in Shaktism and Tantra Cross cultural Religious Studies Gender Studies Postcolonial Spirituality and Ecofeminism **The Prophet and the Astronomer** Marcelo Gleiser, 2015-04-13 An intellectual accomplishment that illuminates the magic and the wisdom of the heavens above Kirkus Reviews Tracing our contemplation of the cosmos from the big bang to the big crunch The New Yorker Marcelo Gleiser explores the shared quest
