Conan Doyle, 2020-07-17 Reproduction of the original Danger and Other Stories by Danger! and Other Stories (Classic Reprint) Arthur Conan Doyle, 2015-06-28 Excerpt from Danger A Conan Dovle And Other Stories The Title story of this volume was written about eighteen months before the outbreak of the war and was intended to direct public attention to the great danger which threatened this country It is a matter of history how fully this warning has been justified and how even down to the smallest details the prediction has been fulfilled. The writer must however most thankfully admit that what he did not foresee was the energy and ingenuity with which the navy has found means to meet the new conditions. millions each had been launched They had pent enormous sums upon cruisers and both their torpedo and their submarinesquadrons were exceptionally strong They were also by no means weak in theiraerial power especially in the matter of seaplanes Besides all this their army wasvery efficient in spite of its limited numbers and it was the most expensive in Europe Yet when the day of trial came all this imposing force was of no usewhatever and might as well have not existed Their ruin could not have been more complete or more rapid if they had not possessed an ironclad or a regiment And allthis was accomplished by me Captain John Sirius belonging to the navy of one ofthe smallest Powers in Europe and having under my command a flotilla of eightvessels the collective cost of which was eighteen hundred thousand pounds Noone has a better right to tell the story than I I will not trouble you about the dispute concerning the Colonial frontier embittered as it was by the subsequent death of the two missionaries A navalofficer has nothing to do with politics I only came upon the scene after theultimatum had been actually received Admiral Horli had been summoned to the Presence and he asked that I should be allowed to accompany him because hehappened to know that I had some clear ideas as to the weak points of England and also some schemes as to how to take advantage of them There were only four of uspresent at this meeting the King the Foreign Secretary Admiral Horli and myself The time allowed by the ultimatum expired in forty eight hours I am not breaking any confidence when I say that both the King and the Ministerwere in favour of a surrender They saw no possibility of standing up against the colossal power of Great Britain The Minister had drawn up an acceptance of the British terms and the King sat with it before him on the table I saw the tears of anger and humiliation run down his cheeks as he looked at it Arthur Conan Doyle, 1918 Last work is nonfiction consisting of several uncharacteristically sentimental episodes in the playtimes of three young children Danger! and Other Stories Arthur Conan Doyle Arthur Conan Doyle, 2016-11-23 The book has no illustrations or index Purchasers are entitled to a free trial membership in the General Books Club where they can select from more than a million books without charge Subjects Science fiction Fiction Classics Fiction Literary Fiction Danger! and Other Stories Arthur Conan Doyle, 2017-08-29 The most popular horror book for individuals who are Mystery Danger! and Other Stories Sir Arthur Conan Doyle, 2021-01-14 The title story of this volume going to overcome fears was written about eighteen months before the outbreak of the war and was intended to direct public attention to the great danger which threatened this country It is a matter of history how fully this warning has been justified and how even down to the smallest details the prediction has been fulfilled DangerOne Crowded HourA Point of ViewThe Fall of Lord BarrymoreThe Horror of the HeightsBorrowed ScenesThe Surgeon of Gaster FellHow It HappenedThe Prisoner's DefenceThree of Them
