Dangerous Edge Michael J. Apter,1994-01-01 **The Road to Audacity** S. Carter,J. Kourdi,2003-09-16 Being audacious and adventurous can be inspiring yet many of us hesitate to follow this path because of our concerns for comfort and security In this bold book Carter and Kourdi examine a radical new approach to being successful The authors argue that success comes most easily to those who accept and harness the beneficial effects of risk Communicating simple but powerful ideas with passion this book guides individuals and organizations through the techniques that will help them to become more vigorous motivated effective and ultimately successful Including original interviews and insights from people that have used audacity to get where they are Road to Audacity shows why current approaches to life and work are increasingly outmoded This book is vital reading for anyone who wants to make a success of their career and their life **21st Century**

An Alternative History of Bicycles and Motorcycles Steven E. Alford, Suzanne Ferriss, 2016-04-06 An Alternative History of Bicycles and Motorcycles Two Wheeled Transportation and Material Culture accounts for the nineteenth century creation and development of two wheeled vehicles both human powered and motorized Specifically the book focuses on the period from 1885 which saw the appearance simultaneously of the Safety bicycle and the Einspur the first motorcycle to 1920 while exploring implications for later bicycling and motorcycling We argue that invention of these vehicles rather than the product of gifted individuals should be seen as the consequence of a number of historical economic cultural and political forces that intersect so unpredictably that the notion of a genius inventor is reductive The common evolutionary model of development from the bicycle to the motorcycle oversimplifies both the technology and its origins Stripping the vehicles of all their material and cultural associations such a model fails to advance our understanding of the devices their creators and their riders Taking a contemporary vehicle and tracing its lineage creates a false sense of evolutionary necessity in its creation and fails to account for the many possible developmental paths that were for whatever reason abandoned By contrast our book adopts a material culture approach a form of inquiry that stresses the connections between artifacts and social relations We consider not simply the bicycle and motorcycle as material objects but focus also on the complex socio political and economic convergences that produced the materials materials that in turn themselves shaped the vehicles appearance function and

adoption by riders **Apollo's Chariot: The Meaning of the Astrological Sun** Liz Greene, 2023-12-01 Many people are familiar with astrology only through Sun sign columns in newspapers but they have little understanding of what it really means to be born under a particular zodiac sign The astrological student may know that the Sun is the most important factor in the birth horoscope but frequently used terms such as self expression give little insight into this most profound and complex of astrological symbols The seminars in this volume explore the many dimensions of the astrological Sun from the Sun as a father symbol to its importance as a significator of personal identity vocation and spiritual values Also examined are progressions of the Sun to natal planets and major planetary aspects to the natal Sun With so little written work available on the Sun in the horoscope this innovative volume offers psychological and astrological perspectives which will be invaluable for both the student and the professional astrologer H.O. Pub United States. Hydrographic Office, 1920 *The Dangerous Edge* Ted Allbeury, 1991 **The Dangerous Edge** Robert Daley, 1983 Daley Year of the Dragon To Kill a Cop Prince of the City takes his police procedural savvy on a trip to a foreign place and time to 1954 Nice where a local cop doggedly pursues the US expatriate mastermind of the heist of the century The mastermind is danger loving WW II hero Lambert a would be playwright and sometime cigarette smuggler who teams up with the Marseille Milieu to plan an assault on the Banque de Nice in the novel s riveting opening chapter Lambert and a dozen cronies some Milieu mobsters some free lancers ransack the bank s safe deposit boxes escape via sewer kill an unlucky bum who sees them and go their separate ways with divided up loot Then while Lambert takes his quiet beautiful French wife Jacqueline off for a sudden vacation he tells her that he has sold his play to B way moody Commissaire Robert Bellarmine of the local S ret branch starts investigating the bank robbery Bellarmine is pressured from all sides the press the government and influential individuals like the Mayor whose deposit boxes held embarrassing papers as well as cash or jewelry The Nice Marseille sleuthing turns up several of the dumber robbers but little hard evidence with no sign of The Brain who planned it all The Milieu manages to silence one would be informer in a grisly blowtorch vignette Meanwhile the restless Lambert once again virtually abandons wife Jacqueline now investing his loot in a gun smuggling scheme but also planning some blackmail just in case among the deposit box spoils were pornographic photos featuring a US Congressman And lonely cop Bellarmine deserted by his showgirl lover is attracted to sad shopowner Jacqueline not knowing that she s married until Lambert is at last tracked down and arrested So in the solid but predictable second half decent Jacqueline is caught between her love for Bellarmine and her loyalty to a husband in trouble Lambert uses those blackmail photos to get himself broken out of custody by the CIA and the ruthless Milieu steps in to arrange some ironic killing which frees Jacqueline for a happy fadeout No surprises along the way and with Lambert an unendearing mastermind there s minimal excitement about his fate But since Daley handles all the details with gritty deglamorized conviction bank procedures interrogations prostitute gangster life the unremarkable rather slow moving plot here is steadily atmospherically engrossing Distributed by Syndetics Solutions LLC *The Fortnightly*
