Dangerous Outcast The Prostitute In Nineteenth Century Bengal:

Dangerous Outcast Sumanta Banerjee, 2019 *Dangerous Outcast* traces prostitution in Bengal from precolonial times through the arrival of the British examining how the profession was reordered to suit British desires Drawing on nineteenth century popular and folk culture Sumanta Banerjee also makes impressive use of both standard archival records and a surprisingly substantial body of writing by prostitutes themselves including voices often cast out of the historical record

Gender and Criminality in Bangla Crime Narratives Shampa Roy, 2017-05-22 This book examines diverse literary writings in Bangla related to crime in late nineteenth and early twentieth century colonial Bengal with a timely focus on gender It analyses crime centred fiction and non fiction in the region to see how actual or imagined crimes related to women were shaped and fashioned into images and narratives for contemporary genteel readers The writings have been examined within a social historical context where gender was a fiercely contested terrain for publicly fought debates on law sexual relations reform and identity as moulded by culture class and caste Both canonized literary writings like those of Bankim Chatterji as well as non canonical popular writings of writers who have not received sufficient critical attention are scrutinised in order to examine how criminal offences featuring women as both victims and offenders have been narrated in early manifestations of the genre of crime writing in Bangla An empowered and thought provoking study this book will be of special interest to scholars of criminology and social justice literature and gender

Women and Resistance in Contemporary Bengali

Cinema Srimati Mukherjee, 2016-01-13 Historically Indian cinema has positioned women at the intersection of tradition and a more evolving culture portraying contradictory attitudes which affect women's roles in public and private spheres Examining the work of three directors from West Bengal this book addresses the juxtaposition of tradition and culture regarding women in Bengali cinema It argues the antithesis of women's roles particularly in terms of ideas of resistance revolution change and autonomy by suggesting they convey resistance to hegemonic structures encouraging a re envisioning of women's positions within the familial social matrix Along with presenting a perception of culture as dynamic and evolving the book discusses how some directors show that with this rupturing of the traditionally prohibitive and a notion of unmaking and making in women a traditional inclination is exposed to align women with ideas of absence substitution and disposability The author goes on to show how selected auteurs in contemporary Bengali cinema break with certain traditional representations of women gesturing towards a culture that is more liberating for women Presenting the first full length study of women's changing roles over the last twenty years of Bengali cinema this book will be a useful contribution for students and scholars of South Asian Culture Film Studies and Gender Studies

Doolally Sahib and the Black Zamindar M. J.

Akbar, 2022-02-04 In July 1765 Robert Clive in a letter to Sir Francis Sykes compared Gomorrah favourably to Calcutta then capital of British India He wrote I will pronounce Calcutta to be one of the most wicked places in the Universe Drawing upon the letters memoirs and journals of traders travellers bureaucrats officials officers and the occasional bishop Doolally Sahib

and the Black Zamindar is a chronicle of racial relations between Indians and their last foreign invaders sometimes infuriating but always compelling A multitude of vignettes combined with insight and analysis reveal the deeply ingrained conviction of white superiority that shaped this history How deep this conviction was is best illustrated by the fact that the British abandoned a large community of their own children because they were born of Indian mothers The British took pride in being outsiders even as their exploitative revenue policy turned periodic drought and famine into horrific catastrophes killing impoverished Indians in millions There were also marvellous and heart warming exceptions in this extraordinary panorama people who transcended racial prejudice and served as a reminder of what might have been had the British made India a second home and merged with its culture instead of treating it as a fortune hunter's turf The power was indisputable the British had lost just one out of 18 wars between 1757 and 1857 Defeated repeatedly on the battlefield Indians found innovative and amusing ways of giving expression to resentment in household skirmishes social mores and economic subversion When Indians tried to imitate the sahibs they turned into caricatures when they absorbed the best that the British brought with them the confluence was positive and productive But for the most part subject and ruler lived parallel lives From the celebrated writer of the bestselling Gandhi's Hinduism the Struggle Against Jinnah's Islam comes this extensively researched and utterly engrossing book which is easy to pick up and difficult to put down

Vice in the Barracks E. Wald, 2014-03-26 Shortlisted for the 2014 Royal Historical Society's Gladstone Prize and the 2014 Templer Award for the Best First Book by a New Author Sex and alcohol preoccupied European officers across India throughout the nineteenth century with high rates of venereal disease and alcohol related problems holding serious implications for the economic and military performance of the East India Company These concerns revolved around the European soldiery in India the costly but often unruly thin white line of colonial rule This book examines the colonial state's approach to these vice driven health risks In doing so it throws new light on the emergence of social and imperial mindsets and on the empire fuelled by fear of the lower orders sexual deviation disease and mutiny An exploration of these mindsets reveals a lesser explored fact of rule the fractured nature of the Company state Further it shows how the measures employed by the state to deal with these vice driven health problems had wide ranging consequences not simply for the army itself but for India and the empire more broadly By refocusing our attention on to the military core of the colonial state Wald demonstrates the ways in which army decision making stretched beyond the cantonment boundary to help define the state's engagement with and understanding of Indian society

Popular Culture and Law Richard K. Sherwin, 2017-07-05 What are the consequences when law's stories and images migrate from the courtroom to the court of public opinion and from movie television and computer screens back to electronic monitors inside the courtroom itself What happens when lawyers and public relations experts market notorious legal cases and controversial policy issues as if they were just another commodity What is the appropriate relationship between law and digital culture in virtual worlds on the Internet In addressing these cutting edge issues the essays in this

volume shed new light on the current status and future fate of law truth and justice in our time The City as the Southern Question Ranabir Samaddar, Enrica Morlicchio, Sandro Mezzadra, 2025-12-31 This innovative edited volume places global urbanism in the context of the phenomenal growth of cities of the South investigating their colonial contentiousness and asking how their history plays out in the twenty first century phenomenon of urbanisation Inspired by Antonio Gramsci's reflections on the problem of the South it shows that the question of southern urbanism is about the anomalies and growth of southern cities the histories of struggles technological and logistical reorientations new zoning practices of neoliberal capitalism and the remaking of urban geographies towards a possible urban future that aims to be just Crucially it asks whether today's city is a seamless formation of several overlapping phases of growth or if there is a decisive break today marked by the hyper growth of these cities To understand the implications of these questions for visions of an urban future this volume takes a number of southern cities of Asia and Europe as case studies including Kolkata Mumbai Chittagong Beirut Athens Naples and Marseille It shows how these cities are paradoxically marked by both fractured geographies and new types of popular mobilisations solidarities and an ethic of protection and care showing this to be the core of the Southern question constituting the urban experience of our time It will appeal to advanced level students and scholars with interests in urban sociology Southern urbanisation postcolonial studies political science political economy and urban geography **Towards a Southern Approach to Sex Work** Habiba Sultana, 2020-12-29 This book delves into this almost uncharted territory documenting the lived experiences of sex workers in Bangladesh considering the complex realities of their day to day lives and the ways they negotiate their working conditions and relationships Despite being the most common form of female deviance and criminality globally we know very little about sex work in Asia and the global south Drawing on feminist frameworks it shows that the experiences of sex workers vary widely depending on the ways they enter the sex trade their modes of operation and relationships with significant others Towards a Southern Approach to Sex Work contributes to feminist scholarship on sex work by offering a much needed southern perspective drawing on culturally specific data It argues that the lived experience of sex workers comprises both victimhood and agency deception and resilience and that it is the management of these relationships that enable sex workers to avoid social marginalization and alienation An accessible and compelling read this will appeal to students and scholars of criminology sociology gender studies south Asian studies cultural studies social theory and policy makers In addition it will engage all those interested in learning more about how the sex trade operates in Bangladesh *The Book Review* ,1999 **Manushi** ,1998 *The History of Sexuality Sourcebook* Mathew Kuefler, 2007-03 This volume is a keeper Courses based on Kuefler will illuminate their audiences and probably win teaching awards too Paul R Hyams Cornell University **Seagull Theatre Quarterly** ,2002 **Sacred to Profane** Anjum Katyal, 2006 With reference to India *Ariel* ,1999-07 **Colonial Clerks** Dalia Chakrabarti, 2005 On the clerks in East India Company tenure a study **Marginal Europeans in Colonial India, 1860-1920** Sarmistha De, 2008 With reference
