Dangerousness Problems Of Assessment And Prediction

**Andrew Ashworth, Lucia
Zedner, Patrick Tomlin**

Dangerousness Problems Of Assessment And Prediction:

Dangerousness John Wallace Hinton,1983 *Dangerousness and Incapacitation* Kathleen Auerhahn,2000 Law and Mental Health David N. Weisstub,2013-10-22 Law and Mental Health International Perspectives Volume 3 considers the jurisprudence and models of legislation concerning public mental health that suit the particular requirements of different cultural and geographical regions This book is composed of five chapters and begins with the major accomplishment both for Dutch legal psychiatry and for the English language audience followed by a survey of the civil dimensions of the forensic system The next chapter tackles the primary variables in assessing terrorism including the social political religious and economic factors which coupled with highly complex variables of psychological predisposition can give some guarded inroads with respect to the limits of the knowledge in predicting and reacting to terrorist incidents These topics are followed by discussions on the techniques for assessment designed for the differentiated legal questions in criminal civil and juvenile and family law A chapter focuses on the measured assessments of the parameters of the professional knowledge about the nature of dangerous behavior based on clinical and research investigation The final chapter contains a precise summary of the research that is to be done on a spectrum of techniques for assessing malingering Mental health workers forensic experts and policy makers will find this book invaluable *Incapacitation* Marijke Malsch,Marius Duker,2016-05-23 In many criminal justice systems a new trend towards incapacitation can be witnessed A ubiquitous want for control seems to have emerged as a consequence of perceived safety risks This can be seen not only in the mass incarceration of offenders but also in the disqualification of offenders from jobs in chemical castration in cases of sexual crimes the increased use of electronic monitoring and in the life long monitoring of individuals who pose certain risks Trends towards incapacitation are now even spreading to public administration and the employment sector in the refusal of licenses and the rejection of employees with past criminal records This book discusses the topic of incapacitation from various angles and perspectives It explores how theories of punishment are affected by the more recent emphasis on incapacitation and how criminal justice practice is changing as a consequence of this new emphasis Many contributors express criticisms with this trend towards incapacitation They argue for a better calibration of measures to the severity of the misconduct In addressing an increasingly important development in criminal justice the book will be an essential resource for students researchers and policy makers working in the areas of criminal law sentencing probation and crime prevention *Clinical Psychiatry and the Law* Robert I. Simon,2003-07-01 Updates to this edition Clinical and legal issues in the use of clozapine in treatment of schizophrenia Clinical information and new cases involving tardive dyskinesia Changes in civil and criminal law regarding right to refuse treatment An update of clinical guidelines and legal regulations of ECT An update on suicide risk assessment and new legal cases involving suicide An update on violence risk assessment and new legal cases involving the duty to protect endangered third parties New statutes and criminal sanctions regarding sexual misconduct New statutes limiting the liability of

therapists toward third parties who are injured or killed by patients Changes in the relationship between psychiatrists and nonmedical therapists Regulatory developments regarding physician impairment Numerous tables and an updated glossary of legal terms New section on common terms and abbreviations in legal citations Criminal Justice and the Mentally Disordered Jill Peay, 1998 The International library of Criminology Criminal Justice and Penology is an important publishing initiative that brings together the most significant contemporary published journal essays in current criminology criminal justice and penology Assessing Dangerousness Jacquelyn Campbell, 1995 Research and clinical expertise are brought together in this practical volume to examine whether the following violence can be predicted battered women being killed by their partners battered women killing their partners children being physically and or sexually abused and sexual offenders and batterers re offending Following an introduction to theoretical and clinical issues involved in the prediction of violence the contributors present research and theory in language that is accessible to clinicians They discuss accurate measurement using tested instruments the role of clinical observations and health and judicial implications Dangerous Behavior Calvin J. Frederick, 1978 *Handbook of Forensic Psychology* Irving B. Weiner, Allen K. Hess, 1987 Includes bibliographies and index *Developments in the Study of Criminal Behaviour* Maurice Philip Feldman, 1982 *Sentencing and the Penal System* Christopher Harding, Laurence Koffman, 1995 Harding and Koffman is the leading collection of materials on penal policy and brings together key extracts from sources including cases and statutes books and articles official documents and reports The second edition takes account of all recent statutory common law and research developments and provides a thought provoking analysis of a complex subject by setting the sentencing and penal system within its contextual framework Contains a diverse collection of materials within one cover Critical contextual approach to further understanding Authors questions assist understanding and provoke further discussion **Pathways to Criminal Violence** Neil Alan Weiner, Marvin Eugene Wolfgang, 1989-02 The focus of this book is on research about correlates and causes of criminal violence and remedial responses to such violence The contributors scrutinize significant research topics such as drugs alcohol sexual violence mental disorder violence breeding violence and the effects of criminal violence on victims The editors review assess and press beyond the research and theoretical accomplishments of the last two decades in order to stimulate renewed dialogue about how to most beneficially continue or redirect research theoretical and policy efforts *Prevention and the Limits of the Criminal Law* Andrew Ashworth, Lucia Zedner, Patrick Tomlin, 2013-01-31 Are preventive justice measures justified Do they needlessly blur the boundaries between criminal and civil law signalling a change in the architecture of security The contributors in this volume re assess the foundations for the range of coercive measures that states now take in the name of prevention and public protection Essential Writings in Violence Risk Assessment and Management Christopher D. Webster, Hy Bloom, 2007 With Essential Writings in Violence Risk Assessment and Management mental health and legal practitioners have quick access to the most important peer reviewed writings in the field The 31 journal articles and book

chapters in this collection provide a complete foundational curriculum on the subject Topics include the historical shift from dangerousness to violence risk assessment the emergence of actuarial violence prediction clinical prediction and assessment the actuarial versus clinical controversy decision making treatments security and program planning Covering a field that crosses civil forensic and correctional boundaries this book is a valuable resource for clinicians lawyers judges law enforcement officials health and correctional administrators journalists and anyone working in the forensic system It is also of interest to anyone intrigued by how the forensic system assesses and manages people deemed to be violent and how decision makers manage the often precarious balance between protecting the public and according the accused the greatest degree of freedom possible The book s six main sections are preceded by introductions written by the editors that succinctly encapsulate the main arguments discussed by its contributors Taken together these introductions provide a concise summary of a complex topic

Psychiatry and Ethics Rem Blanchard Edwards,1982 **Dangerous People** Nigel Walker,1996 The papers in this collection provide an overview of how UK courts parole boards mental health tribunals and probation services deal with violent or sexual offenders who are regarded as dangerous **Canadian Journal of Psychiatry** ,2005 *Clinical Approaches to Violence* Kevin Howells,Clive R. Hollin,1989 The papers in this collection discuss approaches to clinical treatment in which the focus is on the individual and on psychological methods of producing change **Canadian Criminology** Margaret Jackson,Curt Taylor Griffiths,Alison Hatch,1991 **Psychological Problems, Social Issues, and Law** Murray Levine,Leah Wallach,2002 This introductory text introduces a historical and systems perspective to the interaction between the social science community and the law by discussing history due process civil law and much more With unique chapters that introduce the reader to the American legal system and to the relationship between the law and the social sciences the reader will come away from the text with an appreciation of the intimate interrelationships between the field of psychology and law
