Daniel Halevy and His Times; A Gentleman-Commoner in the Third Republic Alain Silvera, 1966      **Daniel Halévy and His Times** Alain Silvera, 1966      *Daniel Halévy and His Times: a Gentleman-commoner in the Third Republic* Alain Silvera, 1963      The Politics Of Vision Linda Nochlin, 2018-02-12 A leading critic and historian of nineteenth century art and society explores in nine essays the interaction of art society ideas and politics      France: Empire and Republic, 1850-1940 David Thomson, 1968-06-18      **The French State in Question** H. S. Jones, 2002-07-18 This book demonstrates the importance of legal theory and the idea of the state in French political culture      **Citizens and Citoyens** Mark Hulliung, 2002-11-04 In a tour de force of comparative intellectual history Mark Hulliung sharply challenges conventional wisdom about the political nature of the sister republics America and France Hulliung argues that the standard American account of a continuous Jacobin republican tradition illiberal to the core is fatally misleading In reality it was the nineteenth century French liberals who undermined the cause of liberalism and it was French republicans who eventually saved liberal ideals And comparison with France provides compelling evidence that the American republic was from the beginning both liberal and republican Americans have been engaged in the right debate wrong country Antiliberal intellectuals New Leftists neoconservatives and communitarians alike have disfigured much of the republican scholarship by falsely conjuring up a history of the United States wherein rooted and moral republicans once held sway where today we encounter uprooted and amoral liberals Lively stimulating and sure to be controversial *Citizens and Citoyens* is a valuable contribution to the political culture debate      Encyclopedia of Modern French Thought Christopher John Murray, 2013-01-11 In this wide ranging guide to twentieth century French thought leading scholars offer an authoritative multi disciplinary analysis of one of the most distinctive and influential traditions in modern thought Unlike any other existing work this important work covers not only philosophy but also all the other major disciplines including literary theory sociology linguistics political thought theology and more      **The Listener** , 1967      **Daniel Halévy, Henri Petit Et Les Cahiers Verts** Toby Garfitt, 2004      France Julian Jackson, 2001 This new history of Occupied France explores the myths and realities of four of the most divisive years in French history p 4 of cover      Élie Halévy K. Steven Vincent, 2020-06-26 An intellectual biography of the renowned and influential observer of the era of tyrannies *Élie Halévy* 1870-1937 was one of the most respected and influential intellectuals of the French Third Republic In this densely contextualized biography K Steven Vincent describes how Halévy best remembered as the historian of British Utilitarianism and nineteenth century English history was also a persistent acute and increasingly anxious observer of society in a period defined by industrialization and imperialism and by what Halévy famously called the era of tyrannies Vincent distinguishes three broad phases in the development of Halévy's thought In the first Halévy brought his version of neo Kantianism to debates with sociologists and philosophers and to his study of English Utilitarianism He forged ties with Xavier Léon Léon Brunschvicg and Alain mile Auguste Chartier life long intellectual interlocutors Together

they founded the *Revue de métaphysique et de morale* a continuing venue for Halévy's reflections The Dreyfus Affair Vincent argues caused Halévy to shift his focus from philosophy to history and from metaphysics to politics He became a philosopher historian less interested in abstract neo Kantianism and more in real world action less given to rarified debates over truth and more to investigation of how theories and their applications were situated within broader political economic and cultural movements World War I and its destabilizing effects provoked the third phase Vincent explains As he watched reason recede before rabid nationalism and a pox of political enthusiasms Halévy sounded the alarm about liberal democracy's vulnerabilities Vincent situates Halévy on the unsteady and narrowing middle ground between state socialism and fascism showing how he defended liberalism while at the same time appreciating socialists analyses of capitalism's negative impact and their calls for reform and greater economic equality Through his analysis of Halévy's life and works Vincent illuminates the complexity of the Third Republic's philosophical historical and political thought and concludes with an incisive summary of the distinctive nature of French liberalism     *The Listener and BBC Television Review* ,1967     *The Historiography of the Edwardian Era* Carolyn West White,1975     **Modern Art And Society** Maurice Berger,1994-11 Essays by Cornel West Linda Nochlin Henry Louis Gates Jr Abigail Solomon Godeau Kenneth E Silver Maud Lavin Mason Klein Jonathan Weinberg Lawrence W Levine Ida Rodriguez Prampolini Ann Gibson Maurice Berger Andreas Huyssen Douglas Crimp and Lucy Lippard     *The Publishers Weekly* ,1894     **A Degas Sketchbook** Carol M.
