**Listen to Your Day** Paul Angone, 2023-04-04 What are you supposed to do with your life What deserves your limited reserve of energy attention and time What's making you anxious or frustrated right now What would make you happy and fulfilled The world is shouting its answers to these questions but the real answers are quieter and right in front of you They are in the details of your day every day But we usually look right past them Or we are simply so distracted we've lost the ability to see and hear the life going on right in front of us If we're not intentional about changing this trend this inattentive blindness can rob us of years of joyful productivity But when we learn to observe the details of our days we discover new lenses through which to see and new practices of paying attention that add meaning to life Stop drifting Stop worrying Stop living distracted Walk purposefully

through life with a firm grasp on what's important to you and what you're working toward all by listening to the details of your day

[The Valleys Did Not Break Us](#) Daniel Grose, 2024-02-26 The idea for this story came out of a viral Instagram Reel I made about how moms are often so consumed with the needs of their families that they have no space to even think their own thoughts anymore The video was an encouragement to husbands to step up and share in more of the household work and to see themselves as guardians of their wife s personhood I had reels that had a few thousand views this video went to 4 million views in under 2 weeks The responses were overwhelming It was a video addressed to men but it resonated with literally millions of women I got comments like My marriage wouldn t have ended if my husband done this I m crying because you said what I ve been feeling so long but never found words to say How can I talk to my husband about this There is much more to say on the topic than can even be said in a book let alone a 1minute Instagram video The purpose of this story is to help people start having the conversation That has to be the first step It was heartbreakingly clear that there is an aloneness that many women feel but have no place to start from to address it That is why I wrote this story It is for husbands and wives to read together to start having this conversation and create a shift towards healing and balance in their marriage there are things on both sides of the table that are hard to say and extremely hard to hear While it was women who commented on the reel this story is written by a man and so also addresses the heart of men who feel alone inside their marriage My hope is that by hearing it
