Islam, 2018-12-13 Close to the turn of the century and almost 45 years after Independence India opened its doors to free market liberalization Although meant as the promise to a better economic tomorrow three decades later many feel betrayed by the economic changes ushered in by this new financial era Here is a book that probes whether India's economic reforms have aided the development of Indian Muslims who have historically been denied the fruits of economic development Maidul Islam points out that in current political discourse the Muslim question in India is not articulated in terms of demands for equity Instead the political leadership camouflages real issues of backwardness prejudice and social exclusion with the rhetoric of identity and security Historically informed empirically grounded and with robust analytical rigour the book tries to explore connections between multiple forms of Muslim marginalization the socio economic realities facing the community and the formation of modern Muslim identity in the country At a time when post liberalization economic policies have created economic inequality and joblessness for significant sections of the population including Muslims the book proposes working towards a radical democratic deepening in India *Social Movements in India* Raka Ray, Mary Fainsod

Katzenstein, 2005-03-25 Social movements have played a vital role in Indian politics since well before the inception of India as a new nation in 1947 During the Nehruvian era from Independence to Nehru's death in 1964 poverty alleviation was a foundational standard against which policy proposals and political claims were measured at this time movement activism was directly accountable to this state discourse However the role of social movements in India has shifted during the last several decades to accompany a changed political focus from state to market and from reigning ideologies of secularism to credos of religious nationalism In the first volume to focus on poverty and class in its analysis of social movements a group of leading India scholars shows how social movements have had to change because poverty reduction no longer serves its earlier role as a political template Nonetheless particular sectors of social movement politics remain the holding vessels for India's egalitarian conscience With distinctive chapters on gender lower castes environment the Hindu Right Kerala labor farmers and biotechnology *Social Movements in India* will be attractive to students and researchers in many different disciplines Contributions by Amita Baviskar Anuradha Chakravarty Vivek Chibber Gopal Guru Patrick Heller Ron Herring Mary John Mary Fainsod Katzenstein Neema Kudva Gail Omvedt Raka Ray and Tanika Sarkar **Dalit Capital** Aseem

Prakash, 2020-12-17 *Dalit Capital* explores the relation between caste and Indian capitalism It explores the ways in which

caste and social discrimination reinvent themselves under the guise of modern capitalism It demonstrates how inclusion holds Dalits at a disadvantage perpetrated by the state markets and the civil society

Democracy, Civil Society and Health in India Madhavi Gupta, Pushkar, 2014-12-17 India's health failures remain visible and pronounced despite high rates of economic growth since the 1980s and more than six decades of democratic rule The authors address the key issues that emerge from the country's health situation speculating on what it will take for low income groups to begin claiming for better social services

Politics as Social Text in India Jayabrata Sarkar, 2021-03-30 This book explores the emergence of the Bahujan Samaj Party BSP as an alternative political force in Uttar Pradesh It focuses on the historical continuity of Dalit social justice movements and organizational politics from pre to post colonial India and its subsequent institutionalization as a political force with the rise of the BSP in the state since the 1980s The volume discusses the new age Dalit Bahujan politics and its ethnicization of caste groups to create a bahujan samaj The book analyzes the focused political leadership of Kanshiram and Mayawati the strong party organization and how they evolved an empowered Dalit ideology and identity by grassroots mobilization and championing Dalit icons and history The author also explores the party's strategies slogans and alliances with other political parties and communities and its political manoeuvrings to retain its influence over the electorate The book also effectively identifies the reasons for the political marginalization of the BSP in present times in the context of the phenomenal rise of the BJP in the state The book will be of great interest to researchers and scholars of political science sociology Dalit and subaltern studies exclusion studies and those working on the intersectionality of caste and class It will also be useful for policy makers think tanks and NGOs working in the domain of caste marginality social exclusion and identity politics

Dalit Leadership in Panchayats Narender Kumar, Manoj Rai, 2006 This study is based on the field survey carried out in four states of India on the emerging Dalit leadership in panchayats after the 73rd Constitution Amendment Act It concentrates on some of the issues like What have been experiences so far of Dalit leaders in panchayats How do they perceive their newfound role What are enabling and inhibiting factors What changes these affirmative actions have brought out at ground levels What needs to be done to make Dalit leadership more effective so that it brings out positive changes in quality of life of its people Though situations in different states vary but still there are certain common factors While education experience family community economic independence and personal initiatives have been found to be enabling factors for the effectiveness of Dalit leadership caste practices is the most important inhibiting factor in all the states But like many other studies this study has also recognized the potential of Dalit leadership in panchayats These local leaders have capacities to bring those irreversible positive changes in our social system which could not be achieved by democratically elected state and union governments

Economic Reforms and Social Transformation S. R. Ahlawat,2008 India has experienced the process of economic reforms for more than a decade Since 1991 Indian society has passed through rapid social upheaval owing to liberalization privatization globalization advanced information technology consumerism etc The economic reforms have accelerated the process of social transformation which in turn has thrown a big challenge to social scientists for understanding the new social order This collection of papers examines the social transformation in India The book is divided into three sections agrarian and rural transformations rural power structure and transformation of the excluded and population gender empowerment and transformation In each section the editor raises certain issues for critical examination which are analyzed in the contributors papers The book is an important contribution towards the developing debate on economic reforms in India which is essentially unequal and marginalizing besides being anti poor *Social Movements in India* Ghanshyam Shah,2004-04-08 Social movements hasn t been a popular topic with researchers making up less than 3 per cent of all studies in history political science sociology and anthropology sponsored by the Indian Council of Social Science Research ICSSR up to the mid nineties The research has had an institutional or government skew in that the study of the politics of the masses has been largely ignored There are reasons of history behind this but what has been consistently lost sight of is the fact that in the absence of an understanding of the politics of the masses the functioning of the state can be understood only partially This volume is a revised and enlarged edition of the author s review of literature on social movements in India first commissioned by the ICSSR After careful deliberation on the ideal definition of a social movement the author adopts for this volume the loose idea of non institutionalised collective political action striving for social and political change On the basis of the socio economic characteristics of participants and the issues involved this volume makes a nine fold classification of social movements peasant movements tribal movements dalit movements backward caste movements women s movements working class movements students movements middle class movements and human rights and environmental movements added in this edition This book is important as much for filling a scholarly lacuna in social science studies as for proposing and executing an orderly classification of literature on social movements in modern India The original shorter monograph received an enthusiastic response from both scholars and laypersons and this volume is likely to be welcomed similarly
