rugged arena the Pacific Crest Trail a mostly mountainous 2600 mile route from Mexico to Canada vastly different from the relatively gentle well traveled Appalachian Trail Her trip began badly in the California desert where the hiking partner she had selected from an advertisement proved to be totally inexperienced and so strange that they parted company the first day Continuing alone Ross soon became the de facto leader of a motley ever changing crew of PCT walkers that came to be known as Cindy s Circus Long rugged hiking days produced physical ailments and strong emotions but in confronting and surmounting these challenges Ross grew in strength After many months and several major changes in her life Ross beat fall snows and storms to reach the Canadian border More than the end of the trail this was also a symbolic milestone in her life In narrating her story Ross deftly brings the reader into the physical and emotional landscape of long distance hiking Her cast of Crest characters is sharply drawn in both words and sketches *National Union Catalog* , Includes entries for maps and atlases **American Book Publishing Record** ,1979 Library of Congress Catalogs Library of Congress,1980
