Canadian Courage Linda Pruessen, 2021-08-24 Inspiring true stories of Canadians who have bravely faced danger adversity and injustice When we think about courage certain images come to mind troops charging into battle law enforcement facing down armed assailants firefighters racing into a burning building We think about those men and women who are willing to put their lives on the line for their country or for others those remarkable people who run toward danger instead of away from it But you don't have to wear a uniform to be courageous On any given day ordinary Canadians exhibit courage in myriad ways Some do so in the face of danger like six year old Sophia LeBlanc who in the aftermath of a crash escaped an upside down and partially submerged minivan to get help for her family Some do so by choosing to fight injustice instead of turning a blind eye like McGill University student Tomas Jirousek who supported other Indigenous students to push the school to change the troublesome name of its athletic teams And some demonstrate courage when they overcome adversity like Timea Nagy whose experience as a survivor of human trafficking compelled her to become an advocate for others and a voice for change In Canadian Courage True Stories of Canada's Everyday Heroes you'll meet thirty five remarkable people men women children and even an animal or two who have shown remarkable courage in the face of danger injustice and adversity Their stories are moving thrilling and most of all inspiring They'll leave you wondering whether you too have the ability to be courageous when it counts

The Starving Artist Myth Mark J. Jones, 2024-08-20 Creative sector jobs are driving our economy and offer a viable career path for today's youth Careers and business opportunities in creative industries offer flexibility variety and security Why then do people hesitate to go into them A belief in the myth of the starving artist which conjures images of penniless writers and artistic bohemians is to blame The myth leads many away from choosing a path they would love in favour of more traditional fields

Years later they may come to regret that choice Mark J Jones shows that the persistent stereotype of the starving artist is not just costing youth and working aged people the opportunity to explore satisfying careers it could also cost Canada s economy in lost opportunities Through education and entrepreneurial strategy artists musicians writers media makers designers actors and others can come to understand how to reach audiences and customers in a global market In *The Starving Artist Myth* Jones erases any remaining doubt about the opportunities in the creative economy by getting at the origin of the starving artist stereotype demonstrating the economic resiliency of the sector and delving into the strategies for achieving career success **The Canada Year Book** ,1992 **Canadian Government Railways Employees Magazine** ,1924
