Choreomania Kéline Gotman, 2018 When political protest is read as epidemic madness religious ecstasy as nervous disease and angular dance moves as dark and uncouth the disorder being described is choreomania At once a catchall term to denote spontaneous gestures and the unruly movements of crowds choreomania emerged in the nineteenth century at a time of heightened class conflict nationalist policy and colonial rule In this book author Kéline Gotman examines these choreographies of unrest rethinking the modern formation of the choreomania concept as it moved across scientific and social scientific disciplines Reading archives describing dramatic misformations of bodies and body politics she shows how prejudices against expressivity unravel in turn revealing widespread anxieties about demonstrative agitation This history of the fitful body complements stories of nineteenth century discipline and regimentation As she notes constraints on movement imply constraints on political power and agency In each chapter Gotman confronts the many ways choreomania works as an extension of discourses shaping colonialist orientalism which alternately depict riotous bodies as dangerously infected others and as curious bacchanalian remains Through her research Gotman also shows how beneath the radar of this colonial discourse men and women gathered together to repossess on their terms the gestures of social revolt

Salomania and the Representation of Race and Gender in Modern Erotic Dance Cecily Devereux, 2023-04-25 Salomania and the Representation of Race and Gender in Modern Erotic Dance situates the 1908 dance craze which The New York Times called Salomania as a crucial event and a turning point in the history of the modern business of erotic dance Framing Salomania with reference to imperial ideologies of motherhood and race it works toward better understanding the increasing value of the display of the undressed female body in the 19th and early 20th centuries This study turns critical attention to cultures of maternity in the late 19th century primarily with reference to the ways in which women are defined in relation to their genitals as patriarchal property and space and are valued according to reproduction as their primary labour Erotic dance as it takes shape in the modern representation of Salome insists both that the mother is and is not visible in the body of the dancer a contradiction this study characterizes as reproductive fetishism Looking at a range of media the study traces the modern figure of Salome through visual art writing early psychoanalysis and dance from hootchie kootchie to the performances dancer Maud Allan called mimeo dramatic to mid 20th century North American films such as Billy Wilder's *Sunset Boulevard* and Charles Lamont's *Salome Where She Danced*

to the 21st century HBO series *The Sopranos* **Dancing with the Modernist City** Wesley Lim, 2024-07-22 As the 20th century dawned authors artists and filmmakers flocked to cities like Paris and Berlin for a chance to experience a bustling urban life and engage with other artists and intellectuals Among them were German speaking authors and filmmakers such as Harry Graf Kessler Rainer Maria Rilke August Endell Alfred Döblin Else Lasker-Schüler Segundo de Chomón and the brothers Max and Emil Skladanowsky In their writing and artistic work from that period they depicted the perpetual influx of stimuli caused by urban life including hordes of pedestrians bustling traffic and a barrage of advertisements as well as how these encounters repeatedly paralleled their experiences of watching early twentieth century dance performances by Loie Fuller Ruth St Denis and Vaslav Nijinsky The convergence these writers and filmmakers saw between the unexpected encounters during their urban strolls and experimental dance performances led to writings that interwove the two motifs Drawing on cultural literary dance performance and queer studies *Dancing with the Modernist City* analyzes an array of material from 1896 to 1914 essays novels short stories poetry newspaper articles photographs posters drawings and early film It argues that these writers and artists created a genre called the metropolitan dance text which depicts dancing figures not on a traditional stage but with the streets advertising pillars theaters cafes squares and even hospitals of an urban setting Breaking away from the historically male heteronormative view this posthumanist mode of writing highlights the visual and episodic unexpectedness of urban encounters These literary depictions question traditional conceptualizations of space and performance by making the protagonist and the reader feel like they embody the dancer and the movement In doing so they upset the conventional depictions of performance and urban spaces in ways paralleling modern dance
