Dance Of Masks Senghor Achebe And Soyinka:

A Dance of Masks Jonathan Peters,1978 This text searches for themes about African self identity by exploring images of the mask in the poetry of Senghor the fiction of Achebe and the drama of Soyinka It focuses on the mask as a concept an interplay that involves the mask and its wearer A Dance of Masks Jonathan Peters,1975 *Wole Soyinka* Biodun Jeyifo,2003-11-13 Biodun Jeyifo examines the connections between the innovative and influential writings of Wole Soyinka and his radical political activism Jeyifo carries out detailed analyses of Soyinka s most ambitious works relating them to the controversies generated by Soyinka s use of literature and theatre for radical political purposes He gives a fascinating account of the profound but paradoxical affinities and misgivings Soyinka has felt about the significance of the avant garde movements of the twentieth century Jeyifo also explores Soyinka s works with regard to the impact on his artistic sensibilities of the pervasiveness of representational ambiguity and linguistic exuberance in Yoruba culture The analyses and evaluations of this study are presented in the context of Soyinka s sustained engagement with the violence of collective experience in post independence postcolonial Africa and the developing world No existing study of Soyinka s works and career has attempted such a systematic investigation of their complex relationship to politics *Intertextuality in Contemporary African Literature* Ode Ogede,2011-09-16 Intellectual exchange among African creative writers is the subject of this highly innovative and wide ranging look at several forms of intertextuality on the continent Focusing on the issue of the availability of old canonical texts of African literature as a creative resource this study throws light on how African authors adapt reinterpret and redeploy existing texts in the formulation of new ones Contemporary African writers are taking advantage of and extending the resources available in the existing native literary tradition But the field of inter ethnic trans national African literary inter textual studies is a novel one in itself as the theme of African writers debt to Euro American authors has been the critical commonplace in African literature Detailing the echoes and reverberations the voices of the past have generated and the distinctive uses to which the writers are putting one another s works the book demonstrates that the influence of local stock is significant it is pervasive and widespread and manifests itself in ways both random and systematic but it is a ubiquitous presence in the African literary imagination **Achebe's Things Fall Apart** Ode Ogede,2007-03-16 Reader s Guides provide a comprehensive starting point for any advanced student giving an overview of the context criticism and influence of key works Each guide also offers students fresh critical insights and provides a practical introduction to close reading and to analysing literary language and form They provide up to date authoritative but accessible guides to the most commonly studied classic texts Chinua Achebe s remarkable novel *Things Fall Apart* 1958 is probably the best known African novel and has become one of the world s most influential literary masterpieces Since publication a total of nearly 12 million copies have been sold with translations into more than 50 languages Despite its undoubted success its apparent simplicity has tended to blind readers to the dazzling storytelling resources and the inventive language plot setting and

characterization which first draw them to the novel and keep them reading This is the ideal guide to the text setting *Things Fall Apart* in its historical intellectual and cultural contexts offering analyses of its themes style and structure providing exemplary close readings presenting an up to date account of its critical reception and examining its afterlife in literature film and popular culture It includes points for discussion suggestions for further study and an annotated guide to relevant reading *Reader's Guide to Literature in English* Mark Hawkins-Dady,1996 First Published in 1996 Routledge is an imprint of Taylor Francis an informa company

The Black Art Renaissance Joshua I. Cohen,2020-07-21 Reading African art s impact on modernism as an international phenomenon The Black Art Renaissance tracks a series of twentieth century engagements with canonical African sculpture by European African American and sub Saharan African artists and theorists Notwithstanding its occurrence during the benighted colonial period the Paris avant garde discovery of African sculpture known then as art n gre or black art eventually came to affect nascent Afro modernisms whose artists and critics commandeered visual and rhetorical uses of the same sculptural canon and the same term Within this trajectory black art evolved as a framework for asserting control over appropriative practices introduced by Europeans and it helped forge alliances by redefining concepts of humanism race and civilization From the Fauves and Picasso to the Harlem Renaissance and from the work of South African artist Ernest Mancoba to the imagery of Negritude and the cole de Dakar African sculpture s influence proved transcontinental in scope and significance Through this extensively researched study Joshua I Cohen argues that art history s alleged centers and margins must be conceived as interconnected and mutually informing The Black Art Renaissance reveals just how much modern art has owed to African art on a global scale
