Transcultural Montage Christian Suhr, Rane Willerslev, 2013-10-01 The disruptive power of montage has often been regarded as a threat to scholarly representations of the social world This volume asserts the opposite that the destabilization of commonsense perception is the very precondition for transcending social and cultural categories The contributors anthropologists filmmakers photographers and curators explore the use of montage as a heuristic tool for comparative analysis in anthropological writing film and exhibition making Exploring phenomena such as human perception memory visibility ritual time and globalization they apply montage to restructure our basic understanding of social reality Furthermore as George E Marcus suggests in the afterword the power of montage that this volume exposes lies in its ability to open the very combustion chamber of social theory by juxtaposing one's claims to knowledge with the path undertaken to arrive at those claims

Families Alex Liazos, 2015-12-03 Unlike other family textbooks that mostly emphasize conflicts and problems this book also features the joys and pleasures of family living and its mutually nourishing qualities Its perspective reflects polls surveys and student essays indicating that most people value their families Families everywhere provide love support and sustenance to their members but they do so in many different arrangements Understanding the wide variety of families historically and across cultures gives the student a better basis for understanding how families change and a better grasp of more controversial changes such as the gradual acceptance by Westerners of same sex marriage and child rearing by single people Liazos offers two poignant chapters not found in other texts Family Living Chapter Six focuses on the social value of caregiving and family meals Kin and Community Chapter Seven focuses on relationships among kin and the larger community

World Enough Lesley Choyce, 1998 When their farm gets expropriated to make way for the Point Lepreau nuclear power plant Alexander McNab and his family move to Saint John Without the magic of the Bay of Fundy without the bright companionship of his little sister Alex grows up a lonely insecure failure At 30 he's had enough to make a clean break he moves to Halifax There he is hired as a counsellor at New Dawn a rehabilitation workshop even though he has no professional qualifications Alex soon becomes part of the New Dawn family and the distinction between the helper and the helped blurs The key may be that Alex takes for granted the wholeness in each of these damaged adults Blind Jeff 17 knows everything about cars so Alex takes him out to the parking lot and teaches him to drive In turn Alex is adopted by Cornwallis Itwaru a descendent of Jamaican Maroons plagued by encroaching Alzheimer's who firmly adjusts Alex's fuzzy thinking Alex sees right away that Gloria Vincent who suffers from schizophrenia has adopted a sloppy dress and ugly glasses as camouflage for her intelligence and beauty and his discovery does not wholly displease her Unfortunately New Dawn goes

broke but by the time the landlord padlocks the doors Alex has learned that living life fully doesn't depend on external circumstances
