**Dancing with the Dragon** Patrick Jenevein, 2024-10 In an honest and freewheeling conversation with New York Times best selling author Steve Fiffer Jenevein recounts the story of his two decade attempt to work fairly forthrightly and faithfully with his Chinese counterparts his travels via jumbo jets puddle jumpers jeeps and camels his elation over sealing a groundbreaking deal designed to bring success to everyone and his disappointment and disbelief over being betrayed by his Chinese partners who had also become friends Equally important he reflects on the current state of US China relations and offers a roadmap for the critical coming years In his twenties Jenevein accidentally fell into the energy business in Texas in his thirties he serendipitously fell into the energy business in China and in his forties he pivoted from building power plants and wind farms to manufacturing wind turbine blades Within five plus years that joint venture with China's state controlled aviation and military behemoth AVIC was valued at 1.8 billion Buoyed by their success the partners set their sights on the burgeoning wind farm markets in the US Europe and South America When his Chinese partners breached the new venture's contract Jenevein sought an amicable resolution but the Communists played by their own rules In harrowing detail he relates how they not only refused to settle the dispute but also threatened him and his family These tribulations led to a trial with issues that eventually worked their way up to the US Supreme Court Jenevein painstakingly recreates the prickly David v Goliath proceedings that led to a rare instance in which a US company prevailed against a state controlled Chinese entity and actually collected on the judgment Jenevein is currently persona non grata in China But thanks to his unique understanding of that nation's culture politics and business he has built a successful strategic consulting firm whose clients include the US government agencies and numerous multinational corporations In a thoughtful coda to this cautionary tale the old China hand shares his thoughts about how to deal with the dragon today and in the future Educating ourselves about the world's only other superpower is essential he says Both entertaining and eye opening **Dancing with the Dragon** is an excellent primer for doing just that
