Lee, 1986-12      **Mountain Sisters** Helen M. Lewis, Monica Apple, 2021-12-14 Monica Appleby and Helen Lewis reveal the largely untold story of women who stood up to the Church and joined Appalachians in their struggle for social justice Their poignant story of how faith compassion and persistence overcame obstacles to progress in Appalachia is a fascinating example of how a collaborative and creative learning community fosters strong voices Mountain Sisters is a prophetic first person account of the history of American Catholicism the war on poverty and the influence of the turbulent 1960s on the cultural and religious communities of Appalachia Founded in 1941 The Glenmary Sisters embraced a calling to serve rural Appalachian communities where few Catholics resided The sisters many of them seeking alternatives to the choices available to most women during this time zealously pursued their duties but soon became frustrated with the rules and restrictions of the Church Outmoded doctrine even styles of dress made it difficult for them to interact with the very people they hoped to help In 1967 after many unsuccessful attempts to persuade the Church to ease its requirements some seventy Sisters left the security of convent life Over forty of these women formed a secular service group FOCIS Federation of Communities in Service Mountain Sisters is their story      Yes in Christ Howard A. these homes and on the corresponding social and theological implications House Church and Mission offers scholars the first comprehensive summary of evidence concerning home churches in the New Testament while supplying pastors and lay leaders with a well crafted discussion of the nature of church that explores the practical implications of house churches on outreach Christians worshipped in private homes for the first three hundred years of the early church In House Church and Mission Roger Gehring explores the missional significance of these house churches from the time of Jesus through Paul
