Dangerous Food I Corinthians 8:10 In Its Context:

International Books in Print ,1997 **Dangerous Food** Peter D. Gooch, Canadian Corporation for Studies in Religion, 1993-11-16 Recognizing the social meaning of food and meals in Greco Roman culture and in particular the social meaning of idol food is an integral part of understanding the impact of Paul's instructions to the Christian community at Corinth regarding the consumption of idol food Shared meals were a central feature of social intercourse in Greco Roman culture Meals and food were markers of social status and participation at meals was the main means of establishing and maintaining social relations Participation in public rites and sharing the meals which ensued was a requirement of holding public office The social consequences of refusing to eat idol food would be extreme Christians might not attend weddings funerals celebrations in honour of birthdays or even formal banquets without encountering idol food In this extended reading of 1 Corinthians 8:1-11:1 Paul's response to the Corinthian Christians query concerning food offered to idols Gooch uses a social historical approach combining historical methods of source literary and redaction criticism and newer applications of anthropological and sociological methods to determine what idol food was and what it meant in that place at that time to eat or avoid it In opposition to a well entrenched scholarly consensus Gooch claims that although Paul had abandoned purity rules concerning food he would not abandon Judaism's cultural and religious understanding concerning idol food On the basis of his reconstruction of Paul's letter in which he urged the Corinthian Christians to avoid any food infected by non Christian rites Gooch argues that the Corinthians rejected Paul's instructions to avoid facing significant social liabilities
