**The Holocaust** Jeremy Black, 2024-06-04 In *The Holocaust History and Memory New Edition* Jeremy Black revisits his brilliant and wrenching account of the brutal mass slaughter of Jews during World War II and the subsequent remembrance and misremembering of this genocide Black challenges the prevailing view that separates the Holocaust from Germany's military objectives with compelling evidence that Germany's war on the Allies was deeply intertwined with Hitler's war on Jews As Hitler expanded his control over more territories the extermination of Jews became a significant war aim particularly in the east Long before the establishment of extermination camps the German army and collaborators carried out mass shootings resulting in the deaths of many and the extermination of entire Jewish communities Notably Rommel's attack on Egypt was a crucial step toward the larger goal of annihilating 400 000 Jews living in Palestine Additionally Hitler interpreted America's initial focus on war with Germany rather than Japan as evidence of influential Jewish interests in American policy which further justified and escalated his war against Jewry through the Final Solution In chilling detail Black also unveils compelling evidence that many ordinary Germans must have been aware of the genocide happening around them *The Holocaust History and Memory New Edition* is an essential concise and highly readable history Now extensively revised and updated it continues to offer a powerful testimony to those forever silenced by the Holocaust ensuring that their horrifying fate will never be forgotten

*Revolutionary Lives in South Asia* Kama Maclean, J. David Elam, 2016-02-05 The term revolutionary is used liberally in histories of Indian anticolonialism but scarcely defined Implicitly understood it functions as a signpost or a badge generously conferred in hagiographies loosely invoked in historiography and strategically deployed in contemporary political contests It is timely then to ask the question Who counts as a revolutionary in South Asia How can we read the revolutionary in Indian political formations And what does it really mean to be revolutionary in turbulent late colonial times This volume takes a biographical approach to the question by examining the life stories of a series of activists some well known who all defined themselves in explicitly revolutionary terms in the early twentieth century Shyamaji Krishnavarma V D Savarkar M K Gandhi Bhagat Singh Jawaharlal Nehru J P Narayan and Hansraj Vohra The authors interrogate the subversive lives of these figures tracing their polyglot influences and transnational impacts to map out the discursive travels of the revolutionary in Indian historical and literary worlds from the early 1900s and to indicate its reverberations in the politics of the present This book was published as a special issue of Postcolonial Studies **The Second World War: The home fronts** Jeremy Black, 2007
