Bulletin of the Public Library of the City of Boston Boston Public Library, 1921 **Architect and Engineer of** Henry Ives Cobb's Chicago Edward W. Wolner, 2011-06-15 When championing the commercial buildings and homes that made the Windy City famous one can t help but mention the brilliant names of their architects Daniel Burnham Louis Sullivan and Frank Lloyd Wright among others But few people are aware of Henry Ives Cobb 1859 1931 the man responsible for an extraordinarily rich chapter in the city s turn of the century building boom and fewer still realize Cobb s lasting importance as a designer of the private and public institutions that continue to enrich Chicago s exceptional architectural heritage Henry Ives Cobb s Chicago is the first book about this distinguished architect and the magnificent buildings he created including the Newberry Library the Chicago Historical Society the Chicago Athletic Association the Fisheries Building for the 1893 World's Fair and the Chicago Federal Building Cobb filled a huge institutional void with his inventive Romanesque and Gothic buildings something that the other architect giants occupied largely with residential and commercial work did not do Edward W Wolner argues that these constructions and the enterprises they housed including the first buildings and master plan for the University of Chicago signaled that the city had come of age that its leaders were finally pursuing the highest ambitions in the realms of culture and intellect Assembling a cast of colorful characters from a free wheeling age gone by and including over 140 images of Cobb's most creative buildings Henry Ives Cobb's Chicago is a rare achievement a dynamic portrait of an architect whose institutional designs decisively changed the city's identity during Chicago Neighborhoods and Suburbs Ann Durkin Keating, 2008-11-15 Which its most critical phase of development neighborhood It's one of the first questions you re asked when you move to Chicago And the answer you give be it Bucktown Bronzeville or Bridgeport can give your inquisitor a good idea of who you are especially in a metropolis with so many different neighborhoods and suburbs to choose from Many of us know little of the neighborhoods beyond those where we work play and live This is particularly true in Chicagoland a region that spans over 4 400 square miles and is home to more than 9 5 million residents Now historian Ann Durkin Keating's compact guide drawn largely from the bestselling Encyclopedia of Chicago brings the history of Chicago neighborhoods to life Back cover The World Book Encyclopedia: Ci-Cz, 2007 A 22 volume highly illustrated A Z general encyclopedia for all ages featuring sections on How to use WORLD BOOK Other Research Aids Pronunciation Key A Student Guide to Better Writing Speaking and Research Skills and comprehensive index Provided by publisher Catalog of the Library of the Museum of Modern Art: Bon Museum of
