designed so that you can skip to the index in the end and find your own issue or read is as a complete guide to your business's remote work solution. With examples and ideas from small teams of three people to larger teams of over twenty people, I've found the key issues and discussed with the people involved to figure out how they managed to overcome the challenge. I'll also provide a quick glimpse into the future and make educated predictions about what remote work will be like in the years to come. All the upcoming technologies will be very interesting to follow and taking an early mover advantage on some of these when the time is ripe will give you a strong business advantage. I'm not going to declare that remote work is easy and will solve all of your business and work problems. That's not what it's going to go. It will take time to do right and there will be challenges. But when done right, the benefits will increase your company profits, build a culture of empathy and trust, and make life better for both your employees and the company owners. Managers, team leaders, developers, and everyone who works remotely will find valuable guidance in these pages. Find out what different teams around the world have done to counter the inevitable problems and thrive with effective remote work.
